M Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b, c, d and e) (please read guidance note 10)

b) The prevention of crime and disorder

CCTV System:

A high-quality CCTV system is installed covering all public areas, including the customer area, entrance, and counter. Footage is stored for a minimum of 31 days and will be made available to the police or authorised council officers upon request.

Staff Training:

All staff are trained in conflict management, responsible service, and how to identify and deal with anti-social behaviour. Regular refresher training is provided.

Security & Supervision:

During late-night trading hours, a responsible manager or supervisor will always be present on the premises to monitor customer behaviour and ensure compliance with licensing conditions.

Incident Log:

An incident log will be maintained to record any occurrences of crime, disorder, or refusal of service. This log will be available for inspection by the police or licensing officers.

Lighting & Visibility:

The premises are well-lit both internally and externally to discourage loitering and ensure public safety.

Police Liaison:

We maintain good communication with local police and community safety officers and will cooperate fully in any crime prevention initiatives.

c) Public safety

Subway is committed to ensuring the safety of all customers, staff, and visitors at all times. The following measures are in place to promote and maintain public safety within the premises:

Health and Safety Compliance:

The premises operate in full compliance with health and safety legislation, including regular risk assessments, safe food handling procedures, and equipment maintenance checks.

Fire Safety:

Fire extinguishers, emergency lighting, and clearly marked fire exits are provided and regularly inspected. All staff receive training on fire safety procedures and emergency

evacuation.

Capacity Management:

The number of customers inside the premises at any one time will be monitored to prevent overcrowding and ensure clear access to exits.

First Aid:

A fully stocked first aid kit is available on-site, and at least one trained first-aider is present during trading hours.

Clean and Safe Environment:

Floors and surfaces are kept clean and dry to avoid slips and falls. Regular checks are carried out during operating hours to maintain hygiene and safety standards.

Equipment Safety:

All electrical and kitchen equipment is tested and maintained in accordance with safety regulations to reduce the risk of accidents or fire.

Late-Night Security:

The premises will remain well-lit inside and outside during late-night hours, and staff are trained to ensure safe dispersal of customers at closing time.

d) The prevention of public nuisance

Noise Control:

Noise from customers, equipment, and staff will be kept to a minimum, especially during late-night hours. No loud music or amplified sound will be played within or outside the premises.

Customer Management:

Staff will be trained to encourage customers to leave the premises quietly and respectfully. Clear signage will be displayed reminding customers to keep noise to a minimum when exiting the store.

Delivery and Waste Management:

All deliveries and waste collections will take place during daytime hours where possible, to avoid disturbance during the night. Waste bins are kept secure and regularly emptied to prevent odours or litter.

Lighting:

External lighting will be maintained at an appropriate level for safety without causing glare or disturbance to nearby properties.

Litter Control:

Staff will carry out regular checks outside the store to ensure the area remains clean and free of litter, particularly after closing.

Ventilation and Odour Control:

Effective extraction and ventilation systems are in place to prevent cooking odours from affecting nearby premises.

Incident Reporting:

Any complaints or concerns from local residents or the council will be recorded and addressed promptly to maintain good community relations.

e) The protection of children from harm

Subway takes the welfare and safety of children very seriously. Our policies and procedures are designed to ensure that children are protected from any potential harm while on the premises. The following measures are in place:

Supervision:

Children visiting the premises will always be accompanied by an adult during late-night trading hours. Staff will monitor the premises to ensure appropriate behaviour and a safe environment for families.

Staff Training:

All staff are trained to identify and respond appropriately to any safeguarding concerns involving children or vulnerable persons. Staff are aware of procedures for reporting any incidents to management or relevant authorities.

Age-Restricted Products:

No alcohol, tobacco, or age-restricted products are sold on the premises. The business focuses solely on food and soft drinks.

Safe Environment:

The restaurant is maintained as a clean, family-friendly space, with safe equipment, furniture, and facilities suitable for all ages.

CCTV Monitoring:

CCTV is in continuous operation across customer areas to ensure the safety and protection of all visitors, including children. Footage is stored securely and shared only with authorised officers if required.

Advertising and Promotions:

No advertising, displays, or materials unsuitable for children will be shown within the premises.
