3. Further Information	8

1 Introduction

- 1.1. The Norwich City Council Community Infrastructure Levy (CIL) Charging Schedule was approved by Full Council on the 25th June 2013 and came into effect on the 15th July 2013. Planning applications determined on or after the 15th July 2013 may therefore be subject to CIL.
- 1.2. The City Council in partnership with the Greater Norwich authorities of Broadland District Council (CIL adopted in 2013) and South Norfolk Council (CIL adopted in 2014), work together with Norfolk County Council to produce a joint local plan (currently under review).
- 1.3. CIL contributions from the three collecting authorities (after deductions are taken for neighbourhood CIL and administration) are pooled into the Infrastructure Investment Fund. The fund is reallocated by the Greater Norwich Growth Board (GNGB) to infrastructure projects based on their strategic need. . This partnership approach proactively addresses issues that often arise when working within a single authority boundary, instead the pooled CIL is reallocated to the wider Greater Norwich Area.
- 1.4. The GNGB report their CIL income and allocations within each AMR [here](#), in addition they prepare an annual Joint Five-Year Infrastructure Investment Plan which can be accessed [here](#). This Plan confirms the funding priorities for Education, Green Infrastructure, Transport and Communities (which includes Sports facilities) within the Greater Norwich area.
- 1.5. The Joint Five-Year Infrastructure Investment Plan also provides a comprehensive statement of the specific infrastructure projects which the GNGB intends will be, or may be, wholly or partly funded by the CIL. (including the CIL funded contributions made to the Infrastructure Investment Fund by Norwich City Council)
- 1.6. The CIL regulations require that 15% of CIL revenues received by the City Council (or 25% where there is a neighbourhood plan) are retained as neighbourhood funding to be spent on local infrastructure projects or anything else that is concerned with addressing the demands that development places on an area. The City Council is obliged to use existing community consultation and engagement processes in deciding how the neighbourhood funding element will be spent. This is to help communities to accommodate the impact of new development and encourage local people to support development by providing direct financial incentives to be spent on local priorities.

1.7. The Community Infrastructure Regulations 2019 (Regulation 121A) require a contribution receiving authority to publish a report no later than the 31st December each calendar year ('the annual infrastructure funding statement') which comprises the following information.

2 Reporting 2019/20

Table 1 below sets out the CIL Reporting information as required by CIL Regulation 121A (1).

Regulation 121A reference	Description	Amount
1.(a)	The total value of CIL set out in all demand notices issued in the reported year;	£1,525,304
1.(b)	The total amount of CIL receipts for the reported year;	-£889,085
1.(c)	The total amount of CIL receipts, collected by the authority, or by another person on its behalf, before the reported year but which have not been allocated;	£404,012
1.(d)	The total amount of CIL receipts, collected by the authority, or by another person on its behalf, before the reported year and which have been allocated in the reported year;	£0
1.(e)	The total amount of CIL expenditure for the reported year;	£788,946
