

Public Protection (food & safety)**Food Premises Inspection Report**

Name of business:	Yoodle
Address of food business:	33 Orford Place Norwich NR1 3QA
Date of inspection:	14/07/2026
Risk rating reference:	26/00503/FOOD
Premises reference:	26/00174/FD_HS
Type of premises:	Restaurant or cafe
Areas inspected:	All
Records examined:	SFBB, Training Certificates/records, Pest Control Report
Details of samples procured:	None
Summary of action taken:	Informal
General description of business:	Chinese Restaurant

Relevant Legislation

Food Safety Act 1990 (as amended)

Regulation (EC) No 178/2002 applied by The General Food Regulations 2004 (as amended)

Regulation (EC) No 852/2004 and No 853/2004 applied by Regulation 19 (1) of the Food Safety and Hygiene (England) Regulations 2013

Health and Safety at Work etc. Act 1974 and related regulations

Food Information Regulations 2014

What you must do to comply with the law

The report may include **Contraventions** - matters which do not comply with the law. You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information, Recommendations** of good practice and reminders of **Legal Requirements**.

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

FOOD SAFETY

How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area	You Score					
Food Hygiene and Safety	0	5	10	15	20	25
Structure and Cleaning	0	5	10	15	20	25
Confidence in management & control systems	0	5	10	15	20	30
Your Total score	0 - 15	20	25 - 30	35 - 40	45 - 50	> 50
Your Worst score	5	10	10	15	20	-
Your Rating is	5	4	3	2	1	0

Your Food Hygiene Rating is 5 - a very good standard

1. Food Hygiene and Safety

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. Some minor contraventions require your attention. **(5)**

Contamination risks

Contravention The following exposed ready-to-eat food and or its packaging to the risk of cross-contamination with foodborne bacteria from raw meat or unwashed fruits and vegetables:

- scoops stored in dried ingredients
- uncovered cabbage

Legal requirement At all stages of production, processing and distribution, food must be protected from any contamination likely to render it unfit for human consumption, injurious to health or contaminated in such a way that it would be unreasonable to expect it to be consumed in that state.

Personal Hygiene

Observation I was pleased to see that standards of personal hygiene were high.

Temperature Control

Recommendation I recommend that you purchase probe wipes for your probe thermometer

Unfit food

Contravention The following food was unfit (and was seized or destroyed in my presence) because it was past its USE BY date:

- tofu was being stored beyond its 'Use by' date of 3/7. However you informed me that this was for personal use

Recommendation I recommend that you label your own food i.e staff lunches in the fridge. There is a presumption in food law that all foods stored on a food business are part of that business and need to be stored and labelled accordingly to satisfy the inspecting officer it complies with legal requirements

2. Structure and Cleaning

The structure facilities and standard of cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste disposal provisions are adequate. The minor contraventions require your attention. **(5)**

Cleaning of Structure

Contravention The following items were dirty and require more frequent and thorough cleaning:

- flooring underneath equipment

Cleaning of Equipment and Food Contact Surfaces

Contravention The following items are dirty and must be cleaned:

- lid to food container
- handle to food container

Cleaning Chemicals / Materials / Equipment and Methods

Observation I was pleased to see that the premises was kept clean and that your cleaning materials, methods and equipment were able to minimise the spread of harmful bacteria between surfaces.

Maintenance

Contravention The following had not been suitably maintained and must be repaired or replaced:

- split seals to fridge
- damage to flooring downstairs

Facilities and Structural provision

Observation I was pleased to see the premises had been well maintained and that adequate facilities had been provided.

3. Confidence in Management

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. You have a good track record. There are some minor contraventions which require your attention. **(5)**

Type of Food Safety Management System Required

Observation You were date labelling perishable foods appropriately and could demonstrate effective control over food spoilage organisms.

Observation You were monitoring (and recording) the temperatures of your fridges and freezers as well as the temperature of cooked/hot-held food and could demonstrate effective systems for controlling bacterial growth and survival.

Observation Your SFBB/food safety management system was in place and working well. I was confident you had effective control over hazards to food.

Observation You had colour-coded equipment and effective separation between raw and ready-to-eat food at all stages in your operation.

Traceability

Observation Your records were such that food could easily be traced back to its supplier.

Infection Control / Sickness / Exclusion Policy

Observation Policies were in place to prevent any infected food handler from contaminating food.

Waste Food and other Refuse

Observation You had measures in place to dispose of waste food appropriately and were employing the services of an approved waste contractor.

Training

Observation I was pleased to see that food handlers had been trained to an appropriate level and evidence of their training was made available.

Allergens

Recommendation Make a chart listing all your meals together with the 14 allergens (if present). Bring the chart to the attention of your customers and your staff.

Information The Food Standards Agency run free allergen courses at <https://allergytraining.food.gov.uk>

HEALTH & SAFETY

Matters of evident concern

Contravention The following matters exposed staff to the risk of injury as a consequence of a slip, trip or fall:

- damage to flooring downstairs
