Introduction to the Report

The report has been divided into three sections representing the areas we score you against. Each section begins with a *summary* of what was observed. The score you have been given for each section is indicated. Details of how these scores relate to your overall food hygiene rating are shown in the table at the front of the report. You can use the table to see what factors have influenced your score; where you have done well and where improvements can still be made.

There may be an additional section covering health and safety concerns which fall outside the scope of the national food hygiene rating scheme.

Timescale for Compliance

All Notices must be complied with by the date on the Notice. If no Notice is served you must still deal with contraventions within a reasonable time. As a guide to compliance, contraventions to do with cleaning, temperature control and poor practice should be dealt with straight away. Those items which relate to structural repairs, training and the provision/review of your food safety management system should be completed within the next 2 months. Health and safety contraventions should be dealt with within 3 months unless otherwise indicated. Urgent matters must be dealt with straight away.

The Law

The report relates to the following legislation:

Food Safety Act 1990 (as amended)

Regulation (EC) No 178/2002 applied by The General Food Regulations 2004 (as amended)

Regulation (EC) No 852/2004 and No 853/2004 applied by Regulation 19(1) of the Food Safety and Hygiene (England) Regulations 2013.

Health and Safety at Work Etc. Act 1974 and related regulations.

This report may include matters which do not comply with the law (**Contravention**) matters which are not required by the law but which we recommend as good practice

(**Recommendation**) guidance on best practice (**Information**) and, to balance the report, observations of current practice (**Observation**).

You may carry out alternative works to those in the report, but only if they are equally effective in securing full compliance with the law. Before undertaking alternative works, you are strongly advised to discuss the matter with me.

Please Note

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time. The report concentrates on the principle risks. If it fails to mention a particular item this does not mean you have necessarily complied with the law.

FOOD SAFETY

How we calculate your new Food Hygiene Rating:

<u>General description of the business</u> Small retailer serving the local community.

Food HygieneSummary:

Food hygiene standards are excellent. You demonstrated full compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. **(Score 0)**

Hand-washing

1. I was pleased to see that you had hot water, soap and towel to the wash hand basin. **(Observation)**

Temperature Control

2. I was pleased to see that the fridge storing milk was operating at the correct temperature. **(Observation)**

Practices

3. I was pleased to see that sandwiches were on a 'sell or return' policy. **(Observation)**

Structure and CleaningSummary:

The structure, facilities, cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste disposal provisions are satisfactory. The minor contraventions require your attention. **(Score 5)**

Cleaning

4. The following items were dirty and require more frequent and thorough cleaning. **(Contravention):**
 - The skirting board to the wall with the front window.

Confidence in Management

Summary:

There are generally satisfactory food safety controls in place although there is evidence of some non-compliance with the law. You are progressing towards a written food safety management system. You have a satisfactory track record. The contraventions require your attention; although not critical to food safety they may become so if not addressed. **(Score 10)**

Documented Food Safety Management System

5. Your business is low risk and so your written procedures need not be elaborate. However, there must be some documentation and would suggest; rules of hygiene (including how and when staff wash their hands and your exclusion policy); cleaning schedule; date coding; pest reports. **(Contravention)**
6. I was pleased to see that you were keeping records for stock rotation. **(Observation)**

Allergies

7. New legislation requires food businesses to provide allergy information on unpackaged food sold from all catering outlets including takeaways, deli counters, bakeries and sandwich bars etc. The potential for cross contamination by allergens must also be made known to consumers. There will also be changes to existing legislation on labelling allergy causing ingredients in pre-packed foods. You can obtain more information from the Trading Standards website:
