Introduction to the Report

The report has been divided into three sections representing the areas we score you against. Each section begins with a *summary* of what was observed. The score you have been given for each section is indicated. Details of how these scores relate to your overall food hygiene rating are shown in the table at the front of the report. You can use the table to see what factors have influenced your score; where you have done well and where improvements can still be made.

There may be an additional section covering health and safety concerns which fall outside the scope of the national food hygiene rating scheme.

Timescale for Compliance

All Notices must be complied with by the date on the Notice. If no Notice is served you must still deal with contraventions within a reasonable time. As a guide to compliance, contraventions to do with cleaning, temperature control and poor practice should be dealt with straight away. Those items which relate to structural repairs, training and the provision/review of your food safety management system should be completed within the next 2 months. Health and safety contraventions should be dealt with within 3 months unless otherwise indicated. Urgent matters must be dealt with straight away.

The Law

The report relates to the following legislation:

Food Safety Act 1990 (as amended)

Regulation (EC) No 178/2002 applied by The General Food Regulations 2004 (as amended)

Regulation (EC) No 852/2004 and No 853/2004 applied by Regulation 19(1) of the Food Safety and Hygiene (England) Regulations 2013.

Health and Safety at Work Etc. Act 1974 and related regulations.

This report may include matters which do not comply with the law (**Contravention**) matters which are not required by the law but which we recommend as good practice

(**Recommendation**) guidance on best practice (**Information**) and, to balance the report, observations of current practice (**Observation**).

You may carry out alternative works to those in the report, but only if they are equally effective in securing full compliance with the law. Before undertaking alternative works, you are strongly advised to discuss the matter with me.

Please Note

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time. The report concentrates on the principle risks. If it fails to mention a particular item this does not mean you have necessarily complied with the law.

Food Hygiene

Summary:

Food hygiene standards are excellent. You demonstrated full compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. **(Score 0)**

Contamination Risks

1. I was pleased to find that **(Observation):**

- the premises had good food safety procedures
- the chef was wearing a chef's hat and apron
- the temperature of food in the 'Polar' refrigerator was held at 3.5°C.

Structure and Cleaning

Summary:

The structure, facilities, cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste disposal provisions are satisfactory. The minor contraventions require your attention. **(Score 5)**

Cleaning

2. The following items could not be effectively cleaned and must be covered or made non-absorbent **(Contravention):**

- Several surfaces were made of unsealed wood e.g. cupboard doors, loft access covers, surround to counter refrigerator, these should be painted or sealed.

3. I was pleased to find that the premises was clean and has been refurbished to a high standard. **(Observation)**

Confidence in Management

Summary:

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. Food hazards are understood, properly controlled, managed and reviewed. Your staff are suitably supervised and trained. There are some minor contraventions which require your attention. **(Score 5)**

Proving Your Arrangements are Working Well

4. The following matters are needed in order to demonstrate your food safety management system is working as it should **(Contravention)**:
 - Finish completing your SFBB pack e.g. complete and sign off safe methods removing any pages that are not applicable, start diary and record opening and closing checks and issues relating to food safety, complete staff training pages etc. Ensure that you have a working written system at the premises, that is accessible to all the staff.

Allergies

5. Legislation requires food businesses to provide allergy information on unpackaged food. This applies to food sold from all catering outlets including restaurants, takeaways, deli counters, bakeries and sandwich bars etc. The potential for cross contamination by allergens must also be made known to consumers. There has also been changes to existing legislation on labelling allergy causing ingredients in pre-packed foods.
