**What you must do to comply with the law**

The report may include **Contraventions** - matters which do not comply with the law . You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information, Recommendations** of good practice and reminders of **Legal Requirements** .

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

## **FOOD SAFETY**

### **How we calculate your Food Hygiene Rating:**

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area	You Score					
Food Hygiene and Safety	0	5	10	15	20	25
Structure and Cleaning	0	5	10	15	20	25
Confidence in management & control systems	0	5	10	15	20	30
<b>Your Total score</b>	<b>0 - 15</b>	20	25 - 30	35 - 40	45 - 50	> 50
<b>Your Worst score</b>	<b>5</b>	10	10	15	20	-
<b>Your Rating is</b>	<b>5</b>	4	3	2	1	0

Your Food Hygiene Rating is 5 - a very good standard

### **1. Food Hygiene and Safety**

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. Some minor contraventions require your attention. **(Score 5)**

#### **Contamination risks**

**Contravention** You could not demonstrate effective heat disinfection of food equipment and utensils used for both raw and ready-to-eat (RTE) foods and did not have a dishwasher. Undertake the following work: Purchase colour coded utensils for the use of raw and ready-to-eat foods

#### **Hand-washing**

**Observation** Hand washing was managed well and wash-hand basins were well stocked with hand cleaning material.

**Contravention** The following are examples of poor personal hygiene or where it was made difficult for food handlers to maintain sufficiently high standards of personal cleanliness:

- food handlers were seen wearing jewellery i.e stoned rings, necklaces and watches. Staff should not wear jewellery that could pose a risk of cross-contamination

### Temperature Control

**Observation** I was pleased to see you were able to limit bacterial growth and/or survival by applying appropriate temperature controls at points critical to food safety and that you were diligently monitoring temperatures.

### Poor Practices

**Observation** The following matters represented poor practice and if allowed to continue may cause food to become contaminated or lead to its deterioration

- I recommend removing the lid to the bin during service as this could cause a cross-contamination problem
- I recommend that eggs are stored in the fridge, this is a government recommendation

## **2. Structure and Cleaning**

The structure facilities and standard of cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste disposal provisions are adequate. The minor contraventions require your attention. **(Score 5)**

### Cleaning of Structure

**Contravention** The following structural items were dirty and require more frequent and thorough cleaning:

- stain to high areas near the sky light

**Observation** The kitchen had been well maintained and the standard of cleaning was exceptionally high.

### Cleaning of Equipment and Food Contact Surfaces

**Contravention** The following surfaces and equipment in contact with food were dirty and/or could not be cleaned and require cleaning or discarding:

- underneath the towel dispenser
- table top can opener
- seals to the Hotpoint fridge
- seals to the Lec freezer

### Cleaning Chemicals / Materials / Equipment and Methods

**Observation** I was pleased to see that the premises was kept clean and that your cleaning materials, methods and equipment were able to minimise the spread of harmful bacteria between surfaces.

### Maintenance

**Contravention** The following items had not been suitably maintained and must be repaired or replaced:

- chipped edge to the melamine shelf next to the washing up sink

### Facilities and Structural provision

**Observation** I was pleased to see the premises had been well maintained and that adequate facilities had been provided.

## **3. Confidence in Management**

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. Food hazards are understood properly controlled managed and reviewed. Your records are appropriate and generally maintained. Your staff are suitably supervised and trained. You have a good track record. There are some minor contraventions which require your attention. **(Score 5)**

### Type of Food Safety Management System Required

**Observation** Your SFBB/food safety management system was in place and working well. I was confident you had effective control over hazards to food.

**Observation** You were date labelling perishable foods appropriately and could demonstrate effective control over food spoilage organisms.

### Proving Your Arrangements are Working Well

**Contravention** You are not working to the following safe methods in your SFBB pack:

- it states in your pack that jewellery is removed before handling food

### Waste Food and other Refuse

**Observation** You had measures in place to dispose of waste food appropriately and were employing the services of a registered waste carrier

### Training

**Recommendation** Catering staff should refresh their food hygiene knowledge every 3 years so that they stay up to date with current legislation and good practice. Booking details for this course are on our website: [www.norwich.gov.uk](http://www.norwich.gov.uk)

**Recommendation** A Level 3 Award for Supervising Food Safety in Catering would be appropriate for your supervisory staff and those with managerial responsibility. Booking details for this course are on our website: [www.norwich.gov.uk](http://www.norwich.gov.uk)
