Health and Safety at Work etc. Act 1974 and related regulations

Food Information Regulations 2014

What you must do to comply with the law

The report may include **Contraventions** - matters which do not comply with the law . You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information, Recommendations** of good practice and reminders of **Legal Requirements** .

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

FOOD SAFETY

How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area	You Score					
Food Hygiene and Safety	0	5	10	15	20	25
Structure and Cleaning	0	5	10	15	20	25
Confidence in management & control systems	0	5	10	15	20	30

Your Total score	0 - 15	20	25 - 30	35 - 40	45 - 50	> 50
Your Worst score	5	10	10	15	20	-

Your Rating is	5	4	3	2	1	0
----------------	---	---	---	---	---	---

Your Food Hygiene Rating is 4 - a good standard

1. Food Hygiene and Safety

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. **(Score 5)**

Contamination risks

Legal Requirement At all stages of production, processing and distribution, food must be protected from any contamination likely to render it unfit for human consumption, injurious to health or contaminated in such a way that it would be unreasonable to expect it to be consumed in that state.

Observation Contamination risks were controlled.

Hand-washing

Observation Hand washing was managed well and wash-hand basins were well stocked with hand cleaning material.

Personal Hygiene

Observation I was pleased to see that standards of personal hygiene were high.

Temperature Control

Observation I was pleased to see you were able to limit bacterial growth and/or survival by applying appropriate temperature controls at points critical to food safety and that you were diligently monitoring temperatures.

2. Structure and Cleaning

The structure facilities and standard of cleaning and maintenance are all excellent and you demonstrated full compliance with the law. There is evidence of effective pest control and procedures are in place to rectify any problems as they arise. There is good provision for waste disposal. **(Score 0)**

Cleaning of Structure

Observation The kitchen had been well maintained and the standard of cleaning was exceptionally high.

Cleaning of Equipment and Food Contact Surfaces

Observation You had colour-coded equipment on which to prepare food.

Cleaning Chemicals / Materials / Equipment and Methods

Observation I was pleased to see that the premises was kept clean and that your cleaning materials, methods and equipment were able to minimise the spread of harmful bacteria between surfaces.

Facilities and Structural provision

Observation I was pleased to see the premises was very well maintained and that adequate facilities had been provided.

3. Confidence in Management

There are generally satisfactory food safety controls in place although there is evidence of some non-compliance with the law. All the significant food hazards are understood and controls are in place. The contraventions require your attention; although not critical to food safety they may become so if not addressed. **(Score 10)**

Type of Food Safety Management System Required

Information You were not trading or carrying out any food preparation during my inspection. I asked relevant questions on your food safety procedures to determine that you would be preparing and selling safe food

Food Hazard Identification and Control

Contravention The Safe Methods in your Safer Food Better Business (SFBB) pack are intended to show you have identified the hazards to food and what you must do to control them. The following Safe Methods were either missing from your SFBB pack or had not been completed appropriately:

- cooling down.
- pest control
- diary front sheet was not completed.
- safe method completion record sheet

Proving Your Arrangements are Working Well

Contravention The Management sections in your Safer food Better Business (SFBB) pack are intended to demonstrate you are in day-to-day control of the hazards to food. The following Management sections were either missing, incomplete or not up-to-date:

- your suppliers and/or contacts lists
- staff training records

Training

Observation I was pleased to see that food handlers and/or managers had been trained to an appropriate level and evidence of their training was made available.

Infection Control / Sickness / Exclusion Policy

Observation Policies were in place to prevent any infected food handler from contaminating food.

Allergens

Contravention You have not yet identified the allergens present in the food you prepare.:

Contravention You have not properly informed your customers about the presence of allergens in the food you prepare.:

Legal Requirement Caterers must provide allergy information on all unpackaged food they sell. Catering businesses include restaurants, takeaways, deli counters, bakeries and sandwich bars etc. The potential for cross-contamination by allergens must also be made known to consumers. In addition food manufacturers must now label allergy causing ingredients on their pre-packed foods. You can obtain more information from the Trading Standards website www.norfolk.gov.uk/abc

Information Allergen information could be written down on a chalk board or chart, or provided orally by a member of staff. Where the specific allergen information is not provided upfront, clear signposting to where this information could be obtained must be provided.

Information The 14 allergens are:

- cereals containing gluten
- crustaceans, for example prawns, crabs, lobster and crayfish
- eggs
- fish
- peanuts
- soybeans
- milk
- nuts, such as almonds, hazelnuts, walnuts, pecan nuts, Brazil nuts, pistachio, cashew and macadamia (Queensland) nuts
- celery (and celeriac)
- mustard
- sesame
- sulphur dioxide, which is a preservative found in some dried fruit
- lupin
- molluscs, for example clams, mussels, whelks, oysters, snails and squid

Recommendation Make a chart listing all your meals together with the 14 allergens (if present). Bring the chart to the attention of your customers and your staff.

Recommendation Add allergy information to your menu
