What you must do to comply with the law

The report may include **Contraventions** - matters which do not comply with the law . You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information, Recommendations** of good practice and reminders of **Legal Requirements** .

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

FOOD SAFETY

How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area	You Score					
Food Hygiene and Safety	0	5	10	15	20	25
Structure and Cleaning	0	5	10	15	20	25
Confidence in management & control systems	0	5	10	15	20	30

Your Total score	0 - 15	20	25 - 30	35 - 40	45 - 50	> 50
Your Worst score	5	10	10	15	20	-

Your Rating is	5	4	3	2	1	0
----------------	---	---	---	---	---	---

Your Food Hygiene Rating is 5 - a very good standard

1. Food Hygiene and Safety

Food Hygiene standards are excellent. You demonstrated full compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. **(Score 0)**

Contamination risks

Observation I was pleased you could demonstrate effective E.coli 0157 control through the complete separation of raw and ready-to-eat food, the correct use of wash-hand basins and thorough handwashing, having dedicated equipment (including complex equipment) for raw and ready-to-eat foods, through 2-stage cleaning and the correct use of sanitisers, and by controlling the risks posed by soiled vegetables.

Temperature Control

Observation I was pleased to see you were able to limit bacterial growth and/or survival by applying appropriate temperature controls at points critical to food safety and that you were diligently monitoring temperatures.

Observation I was pleased to see that foods were labelled and used within 3 days

2. Structure and Cleaning

The structure facilities and standard of cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste disposal provisions are adequate. The minor contraventions require your attention. **(Score 5)**

Cleaning of Structure

Contravention The following structural items were dirty and require more frequent and thorough cleaning:

- Cobwebs were seen to high areas in the WC

Observation The kitchen had been well maintained and the standard of cleaning was exceptionally high.

Cleaning of Equipment and Food Contact Surfaces

Contravention The following surfaces and equipment in contact with food were dirty and/or could not be cleaned and require cleaning or discarding:

- the lids to food containers in the storeroom
- the seals to the Beko fridge
- the interior to the Beko freezer
- the shelf to the washing up sink where chemicals are stored.
- the shelf where the saucepans are stored
- cavities to the dishwasher where the hinges are

Cleaning Chemicals / Materials / Equipment and Methods

Observation I was pleased to see that the premises was kept clean and that your cleaning materials, methods and equipment were able to minimise the spread of harmful bacteria between surfaces.

Facilities and Structural provision

Observation I was pleased to see the premises had been well maintained and that adequate facilities had been provided.

3. Confidence in Management

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. Food hazards are understood properly controlled managed and reviewed. Your records are appropriate and generally maintained. Your staff are suitably supervised and trained. You have a good track record. There are some minor contraventions which require your attention. **(Score 5)**

Type of Food Safety Management System Required

Observation Your SFBB/food safety management system was in place and working well. I was confident you had effective control over hazards to food.

Observation You were date labelling perishable foods appropriately and could demonstrate effective control over food spoilage organisms.

Observation You had colour-coded equipment and effective separation between raw and ready-to-eat food at all stages in your operation.

Observation You were monitoring (and recording) the temperatures of your fridges and freezers well as the temperature of cooked/hot-held food and could demonstrate effective systems for controlling bacterial growth and survival.

Proving Your Arrangements are Working Well

Information you need to fill in the method of cleaning to your cleaning schedule in your pack

Waste Food and other Refuse

Observation You had measures in place to dispose of waste food appropriately and were employing the services of a registered waste carrier.

Training

Observation I was pleased to see that food handlers and/or managers had been trained to an appropriate level and evidence of their training was made available.

Infection Control / Sickness / Exclusion Policy

Observation Policies were in place to prevent any infected food handler from contaminating food

Allergens

Observation You had identified the presence of allergens in your non-prepacked food and had brought this to the attention of your customers.

Observation You had clearly shown the presence of allergens in your food on your menu.

Observation You had devised a chart listing all the food you provide with the allergens present in each and had brought this to the attention of your staff and customers.
