

**Public Protection (food & safety)**

**Food Premises Inspection Report**

Name of business:	Pret A Manger
Address of food business:	210 Merchants Hall Chapelfield Norwich NR2 1SH
Date of inspection:	03/12/2018
Risk rating reference:	18/01058/FOOD
Premises reference:	16/00211/FD_HS
Type of premises:	Restaurant or cafe
Areas inspected:	All
Records examined:	FSMS, Cleaning schedule, Temperature control records, Pest control report
Details of samples procured:	None
Summary of action taken:	Informal
General description of business:	Cafe

**Relevant Legislation**

Food Safety Act 1990 (as amended)

Regulation (EC) No 178/2002 applied by The General Food Regulations 2004 (as amended)

Regulation (EC) No 852/2004 and No 853/2004 applied by Regulation 19 (1) of the Food Safety and Hygiene (England) Regulations 2013

Health and Safety at Work etc. Act 1974 and related regulations

Food Information Regulations 2014

**What you must do to comply with the law**

The report may include **Contraventions** - matters which do not comply with the law . You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information, Recommendations** of good practice and reminders of **Legal Requirements** .

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

## FOOD SAFETY

### How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area	You Score					
Food Hygiene and Safety	0	5	10	15	20	25
Structure and Cleaning	0	5	10	15	20	25
Confidence in management & control systems	0	5	10	15	20	30
<b>Your Total score</b>	<b>0 - 15</b>	20	25 - 30	35 - 40	45 - 50	> 50
<b>Your Worst score</b>	<b>5</b>	10	10	15	20	-
<b>Your Rating is</b>	<b>5</b>	4	3	2	1	0

Your Food Hygiene Rating is 5 - a very good standard

## **1. Food Hygiene and Safety**

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. Some minor contraventions require your attention. **(Score 5)**

### Contamination risks

**Observation** Contamination risks were controlled.

**Observation** I was pleased you could demonstrate effective control of bacteria, carried out by the correct use of wash-hand basins and thorough hand washing, through 2-stage cleaning and the correct use of sanitisers. You handle no raw meat.

**Observation** The lip to the smoothie blender jug was worn. It was not posing a contamination risk at this time. Ensure you check over equipment regularly.

### Hand-washing

**Contravention** The following evidence indicated hand-washing was not suitably managed:

- The towel dispenser in the kitchen was empty (However it was noted that there were lots of towels in other parts of the kitchen).

**Information** The food and safety section has a handwashing kit which you might like to borrow in order to demonstrate the principles of correct handwashing to your pupils/staff. Contact the Duty Officer on 01603 212747 for more information.

**Observation** Hand washing was managed well. Correct technique is displayed on a poster and in your HACCP system.

### Personal Hygiene

**Observation** I was pleased to see that standards of personal hygiene were high.

### Temperature Control

**Observation** I was pleased to see you were able to limit bacterial growth and/or survival by applying appropriate temperature controls at points critical to food safety and that you were diligently monitoring temperatures.

**Observation** You have a probe, with wipes, which you calibrate monthly. Records of temperature monitoring were good.

## Poor Practices

**Observation** Excellent dating, stock rotation and labelling systems were in place.

## **2. Structure and Cleaning**

The structure facilities and standard of cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste disposal provisions are adequate. The minor contraventions require your attention. **(Score 5)**

### Cleaning of Structure

**Contravention** The following structural items were dirty and require more frequent and thorough cleaning:

- The door frame to the COSHH cupboard.

**Observation** The kitchen had been well maintained and the standard of cleaning was exceptionally high.

### Cleaning Chemicals / Materials / Equipment and Methods

**Contravention** The following evidence demonstrated your cleaning materials, equipment and methods were not sufficient to control the spread of harmful bacteria such as E.coli 0157 between surfaces:

- A brush was found in the main kitchen. It should be stored in the cleaning cupboard.

**Information** Proper cleaning and disinfection is essential in preventing the spread of E.coli 0157 and other harmful bacteria onto food and food contact surfaces.

**Information** Ensure you use a surface sanitiser that conforms to BS EN 1276:1997 or BS EN 13697:2001. This information should be available on the label or by contacting the manufacturer.

### Facilities and Structural provision

**Observation** I was pleased to see the premises had been well maintained and that adequate facilities had been provided.

### Pest Control

**Observation** I was pleased to see that premises was proofed against the entry of pests and that pest control procedures were in place.

**Recommendation** That an Electric Fly Killer be provided in the servery.

### **3. Confidence in Management**

A food safety management system is in place and you comply fully with the law. Hazards to food are understood properly controlled managed and reviewed. Your records are appropriate and being maintained. All your staff are suitably supervised and trained. You have a very good track record. **(Score 0)**

#### **Type of Food Safety Management System Required**

**Observation** Your Food Safety Management System was in place and working well. I was confident you had effective control over hazards to food.

**Observation** You were date labelling perishable foods appropriately and could demonstrate effective control over food spoilage organisms.

**Observation** You were monitoring (and recording) the temperatures of your fridges and freezers well as the temperature of cooked/hot-held food and could demonstrate effective systems for controlling bacterial growth and survival.

**Observation** You have excellent monitoring records.

#### **Traceability**

**Observation** Your records were such that food could easily be traced back to its supplier.

#### **Waste Food and other Refuse**

**Observation** You had measures in place to dispose of waste food appropriately and were employing the services of an approved waste contractor.

#### **Training**

**Observation** I was pleased to see that food handlers and/or managers had been trained to an appropriate level and evidence of their training was made available.

#### **Infection Control / Sickness / Exclusion Policy**

**Guidance** Public Health England recommends that food handlers known or suspected to be suffering from a food-borne infection or gastrointestinal illness stay away from work until symptom-free for 48 hours.

**Observation** Policies were in place to prevent any infected food handler from contaminating food.

#### **Allergens**

**Observation** You had identified the presence of allergens in your non-prepacked food and had brought this to the attention of your customers.

## **HEALTH, SAFETY AND WELFARE**

### **Matters of evident concern**

**Contravention** The following matters were of immediate concern:

- There was a build up of ice on the Walk In Freezer floor which was a potential slipping hazard.
