**Food Premises Inspection Report**

Name of business:	Sahara Cafe And Patisserie
Address of food business:	22 - 24 St Benedicts Street Norwich NR2 4AQ
Date of inspection:	04/12/2018
Risk rating reference:	18/01065/FOOD
Premises reference:	18/00241/FD_HS
Type of premises:	Restaurant or cafe
Areas inspected:	None
Records examined:	SFBB, Cleaning schedule, Temperature control records
Details of samples procured:	None
Summary of action taken:	Informal
General description of business:	Cafe & Patisserie

**Relevant Legislation**

Food Safety Act 1990 (as amended)  
 Regulation (EC) No 178/2002 applied by The General Food Regulations 2004 (as amended)  
 Regulation (EC) No 852/2004 and No 853/2004 applied by Regulation 19 (1) of the Food Safety and Hygiene (England) Regulations 2013  
 Health and Safety at Work etc. Act 1974 and related regulations  
 Food Information Regulations 2014

**What you must do to comply with the law**

The report may include **Contraventions** - matters which do not comply with the law . You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information, Recommendations** of good practice and reminders of **Legal Requirements** .

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

## FOOD SAFETY

### How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area	You Score					
Food Hygiene and Safety	0	5	10	15	20	25
Structure and Cleaning	0	5	10	15	20	25
Confidence in management & control systems	0	5	10	15	20	30
<b>Your Total score</b>	<b>0 - 15</b>	20	25 - 30	35 - 40	45 - 50	> 50
<b>Your Worst score</b>	<b>5</b>	10	10	15	20	-
<b>Your Rating is</b>	<b>5</b>	4	3	2	1	0

Your Food Hygiene Rating is 5 - a very good standard

### 1. Food Hygiene and Safety

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. Some minor contraventions require your attention. **(Score 5)**

#### Contamination risks

**Observation** I was pleased to see that contamination risks were controlled

**Recommendation** I recommend you provide a tab grabber for food orders above where food is being prepared

#### Hand-washing

**Observation** Hand washing was managed well and wash-hand basins were well stocked with hand cleaning material.

## Personal Hygiene

**Observation** I was pleased to see that standards of personal hygiene were high.

## Temperature Control

**Guidance** It is essential to know that your probe thermometer is working properly. If the reading is outside these ranges you should replace your probe or return it to the manufacturer to be calibrated. A simple way to check a digital probe is to put it in iced water and boiling water:

- The readings in iced water should be between -1°C and 1°C.
- The readings in boiling water should be between 99°C and 101°C.

**Recommendation** Your SFBB pack contains details of how to calibrate your probe thermometer so you can be sure it is giving the correct reading. Discard the probe if it deviates by more than +/- 1 degree C

**Recommendation** Rapid cooling can be achieved by reducing the portion size, either by cutting food into smaller pieces or by decanting into several smaller shallow containers

**Observation** I was pleased to see you were able to limit bacterial growth and/or survival by applying appropriate temperature controls at points critical to food safety and that you were diligently monitoring temperatures.

## Poor Practices

**Observation** The following matters represented poor practice and if allowed to continue may cause food to become contaminated or lead to its deterioration

- eggs were being stored at ambient temperatures it is a government recommendation that eggs are stored in the fridge
- 3 packets of cherry tomatoes were being stored beyond their 'best before' date of 1/12

## **2. Structure and Cleaning**

The structure facilities and standard of cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste disposal provisions are adequate. The minor contraventions require your attention. **(Score 5)**

### Cleaning of Structure

**Observation** The kitchen had been well maintained and the standard of cleaning was exceptionally high.

### Cleaning of Equipment and Food Contact Surfaces

**Observation** You had dedicated equipment for the preparation of raw and ready-to-eat foods.

### Cleaning Chemicals / Materials / Equipment and Methods

**Observation** I was pleased to see that the premises was kept clean and that your cleaning materials, methods and equipment were able to minimise the spread of harmful bacteria between surfaces.

### Maintenance

**Contravention** The following items had not been suitably maintained and must be repaired or replaced:

- split seals to the Larder fridge
- bare wood to shelves in the servery. You need to paint or seal the selves to leave a smooth surface that is easy to clean

### Facilities and Structural provision

**Observation** I was pleased to see the premises had been well maintained and that adequate facilities had been provided.

### Pest Control

**Observation** I was pleased to see that premises was proofed against the entry of pests and that pest control procedures were in place.

## **3. Confidence in Management**

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. Food hazards are understood properly controlled managed and reviewed. Your records are appropriate and generally maintained. Your staff are suitably supervised and trained. You have a good track record. There are some minor contraventions which require your attention. **(Score 5)**

## Type of Food Safety Management System Required

**Observation** Your SFBB/food safety management system was in place and working well. I was confident you had effective control over hazards to food.

**Observation** You were date labelling perishable foods appropriately and could demonstrate effective control over food spoilage organisms.

**Observation** You were monitoring (and recording) the temperatures of your fridges and freezers well as the temperature of cooked/hot-held food and could demonstrate effective systems for controlling bacterial growth and survival.

## Proving Your Arrangements are Working Well

**Contravention** The Management sections in your Safer food Better Business (SFBB) pack are intended to demonstrate you are in day-to-day control of the hazards to food. The following Management sections were either missing, incomplete or not up-to-date:

- the daily diary and or four-weekly reviews

## Training

**Observation** I was pleased to see that food handlers and/or managers had been trained to an appropriate level and evidence of their training was made available.

## Infection Control / Sickness / Exclusion Policy

**Guidance** Public Health England recommends that food handlers known or suspected to be suffering from a food-borne infection or gastrointestinal illness stay away from work until symptom-free for 48 hours.

## Allergens

**Observation** You had identified the presence of allergens in your non-prepacked food and had brought this to the attention of your customers.
