#### **Relevant Legislation**

Food Safety Act 1990 (as amended) Regulation (EC) No 178/2002 applied by The General Food Regulations 2004 (as amended) Regulation (EC) No 852/2004 and No 853/2004 applied by Regulation 19 (1) of the Food Safety and Hygiene (England) Regulations 2013 Health and Safety at Work etc. Act 1974 and related regulations Food Information Regulations 2014

#### What you must do to comply with the law

The report may include **Contraventions** - matters which do not comply with the law . You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with <u>straight away</u>.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next <u>2 months</u>.

Health and safety contraventions should be dealt with within <u>3 months</u> unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information**, **Recommendations** of good practice and reminders of **Legal Requirements**.

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

## FOOD SAFETY

#### How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area				You Score					
Food Hygiene and Safety					5	10	15	20	25
Structure and Cleaning				0	5	10	15	20	25
Confidence in management & control systems				0	5	10	15	20	30
Your Total score	0 - 15	20	25 - 30		35 - 40		45 - 50		> 50
Your Worst score	5	10	10		15		20		-
			-						
Your Rating is	5	4		3	2	2	1		0

Your Food Hygiene Rating is 4 - a good standard

## 1. Food Hygiene and Safety

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. Some minor contraventions require your attention. **(Score 5)** 

#### Hand-washing

**Contravention** The following indicated that hand-washing was not suitably managed:

 sanitiser was being used on the stall as there were no hand washing facilities provided on the stall.

#### 2. Structure and Cleaning

The structure facilities and standard of cleaning and maintenance are of a generally satisfactory standard but there are some repairs and/or improvements which are required in order for you to comply with the law. Pest control and waste disposal provisions are

adequate. The contraventions require your attention; although not critical to food safety they may become so if not addressed. **(Score 10)** 

### Cleaning of Structure

**Contravention** The following items could not be effectively cleaned and must be covered or made non-absorbent:

• wooden base of the counter in the serving area

#### Facilities and Structural provision

**Contravention** The following facilities were inadequate and must be improved:

A wash hand basin must be provided in the stall if staff are unable to leave the stall to use the hand washing facilities in the communal toilets.

**Information** Hand washing facilities could be provided by using a teal unit (or equivalent) which can provide running water and waste water collection.

## 3. Confidence in Management

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. You have a good track record. There are some minor contraventions which require your attention. **(Score 5)** 

#### Food Hazard Identification and Control

**Contravention** The following pre-requisites have not been met and this means that your food safety management system will be ineffective:

• facilities are inadequate

#### Infection Control / Sickness / Exclusion Policy

**Guidance** Public Health England recommends that food handlers known or suspected to be suffering from a food-borne infection or gastrointestinal illness stay away from work until symptom-free for 48 hours.

#### <u>Allergens</u>

**Information** Allergen information could be written down on a chalk board or chart, or provided orally by a member of staff. Where the specific allergen information is not provided upfront, clear signposting to where this information could be obtained must be provided.

**Recommendation** Make a chart listing all your food products together with the 14 allergens (if present). Bring the chart to the attention of your customers and your staff.
