#### What you must do to comply with the law

The report may include **Contraventions** - matters which do not comply with the law . You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with <u>straight away</u>.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next <u>2 months</u>.

Health and safety contraventions should be dealt with within <u>3 months</u> unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information**, **Recommendations** of good practice and reminders of **Legal Requirements**.

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

# FOOD SAFETY

# How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area				You Score					
Food Hygiene and Safety				0	5	10	15	20	25
Structure and Cleaning				0	5	10	15	20	25
Confidence in management & control systems				0	5	10	15	20	30
Your Total score	0 - 15	20	2	5 - 30	35 - 40		45 - 50		> 50
Your Worst score	5	10	10		15		20		-
Your Rating is	5	4		3		2	1		0

Your Food Hygiene Rating is 5 - a very good standard

# 1. Food Hygiene and Safety

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. Some minor contraventions require your attention. (Score 5)

#### Contamination risks

**Observation** I was pleased to see you were able to demonstrate effective controls to prevent cross-contamination.

#### Hand-washing

**Contravention** The following indicated that hand-washing was not suitably managed:

• there was no hot water to the wash hand basin at the time of my inspection as the boiler had not been turned on that morning. However hot water was available

**Recommendation** Checking that you have hot water should be made one of your opening checks

#### Personal Hygiene

**Contravention** The following are examples of poor personal hygiene or where it was made difficult for food handlers to maintain sufficiently high standards of personal cleanliness:

**Information** Regular hand washing is important for personal cleanliness. Remind all food handlers of the need to wash their hands before starting or returning to work, and specifically:

- After using the toilet;
- After handling rubbish;
- After smoking;
- After taking a break;
- After handling raw food

# 2. Structure and Cleaning

The structure facilities and standard of cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste

disposal provisions are adequate. The minor contraventions require your attention. **(Score 5)** 

# Cleaning of Structure

**Contravention** The following items were dirty and require more frequent and thorough cleaning:

- floor/wall junctions
- around equipment feet
- walls particularly behind food preparation surfaces
- flooring between fridge and dishwasher

# Cleaning of Equipment and Food Contact Surfaces

**Contravention** The following items are dirty and must be cleaned::

- fridge and freezer seals
- can opener
- food storage containers
- wheels to equipment
- underneath towel dispenser in servery
- interior bottom to fridge 2
- door to fridge 5
- side to Tefcold fridge

# Cleaning Chemicals / Materials / Equipment and Methods

**Guidance** Taps can be a source of contamination so use a paper towel to turn off the tap after washing and drying your hands.

**Observation** I was pleased to see that your cleaning materials, methods and equipment were able to minimise the spread of harmful bacteria between surfaces.

**Information** Different sanitisers require different contact times to be effective. Ensure that you know what the contact time is and that all your staff are trained to use the sanitiser effectively

**Information** Cardboard cannot be properly cleaned. Do not use it to cover the floor/ shelves of work surfaces in food rooms

#### <u>Maintenance</u>

**Contravention** The following had not been suitably maintained and must be repaired or replaced:

- split seals to Tefcold freezer
- handle to freezer 2

# Pest Control

**Observation** I was pleased to see that the premises was proofed against the entry of pests and that pest control procedures were in place.

**Observation** You have a pest control contract in place and there is no evidence of pest activity on the premises.

# 3. Confidence in Management

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. You have a good track record. There are some minor contraventions which require your attention. Your records are appropriate and generally maintained. Your staff are suitably supervised and trained. You have a good track record. There are some minor contraventions which require your attention. **(Score 5)** 

# Type of Food Safety Management System Required

**Observation** Your SFBB/food safety management system was in place and working well. I was confident you had effective control over hazards to food.

**Observation** You were date labelling perishable foods appropriately and could demonstrate effective control over food spoilage organisms.

**Observation** You had colour-coded equipment and effective separation between raw and ready-to-eat food at all stages in your operation.

**Observation** You were monitoring (and recording) the temperatures of your fridges and freezers as well as the temperature of cooked/hot-held food and could demonstrate effective systems for controlling bacterial growth and survival.

**Recommendation** add turning the boiler on to your opening checks

**Traceability** 

**Observation** Your records were such that food could easily be traced back to its supplier.

# Waste Food and other Refuse

**Observation** You had measures in place to dispose of waste food appropriately and were employing the services of an approved waste contractor.

# <u>Training</u>

**Observation** I was pleased to see that food handlers had been trained to an appropriate level and evidence of their training was made available.

# Infection Control / Sickness / Exclusion Policy

**Observation** Policies were in place to prevent any infected food handler from contaminating food.

# Allergens

**Observation** You had identified the presence of allergens in your non-prepacked food and had brought this to the attention of your customers.
