Relevant Legislation

Food Safety Act 1990 (as amended)

Regulation (EC) No 178/2002 applied by The General Food Regulations 2004 (as amended)

Regulation (EC) No 852/2004 and No 853/2004 applied by Regulation 19 (1) of the Food Safety and Hygiene (England) Regulations 2013

Health and Safety at Work etc. Act 1974 and related regulations

Food Information Regulations 2014

What you must do to comply with the law

The report may include **Contraventions** - matters which do not comply with the law . You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information, Recommendations** of good practice and reminders of **Legal Requirements** .

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

FOOD SAFETY

How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area	You Score					
Food Hygiene and Safety	0	5	10	15	20	25
Structure and Cleaning	0	5	10	15	20	25
Confidence in management & control systems	0	5	10	15	20	30
Your Total score	0 - 15	20	25 - 30	35 - 40	45 - 50	> 50
Your Worst score	5	10	10	15	20	-
Your Rating is	5	4	3	2	1	0

Your Food Hygiene Rating is 5 - a very good standard

1. Food Hygiene and Safety

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. Some minor contraventions require your attention. **(Score 5)**

Contamination risks

Contravention The following exposed food to the general risk of cross-contamination with bacteria or allergens or its physical contamination with dirt, foreign objects or chemicals::

- Both metal fry baskets had broken and protruding metal
- Staff food in fridge
- Pen lid by preparation surface, and lidded pens in use generally
- Some scored chopping boards
- Ice scoop sanitiser very shallow and only touching tips of scoops
- Colour coded chopping boards stored too closely in rack, touching.

Guidance The FSA (visit www.food.gov.uk for more information) has issued guidance on controlling E.coli 0157 through:

- * the complete separation of raw and ready-to-eat food
- * the correct use of wash-hand basins and thorough handwashing
- * having dedicated equipment (including complex equipment) for raw and ready-to-eat foods
- * through 2-stage cleaning and the correct use of sanitisers
- * and by controlling the risks posed by soily vegetables.

Observation I was pleased to see you were generally able to demonstrate effective controls to prevent cross-contamination.

Hand-washing

Recommendation After washing hands food handlers should turn the taps off using paper towel to prevent them from re contaminating their hands

Observation I was pleased to see hand washing was well managed.

Personal Hygiene

Observation I was pleased to see that standards of personal hygiene were high.

Temperature Control

Observation I was pleased to see you were able to limit bacterial growth and/or survival by applying appropriate temperature controls at points critical to food safety and that you were monitoring temperatures.

You have a blast chiller.

Recommendation That an additional temperature check be made during service as this is when equipment may struggle to maintain temperatures.

Poor Practices

Observation The following matters represented poor practice and if allowed to continue may cause food to become contaminated or lead to its deterioration:

- If you freeze best before or use by items then you should apply additional labels to show when frozen and defrosted. This may be against your Company policy.

2. Structure and Cleaning

The structure facilities and standard of cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste disposal provisions are adequate. The minor contraventions require your attention. **(Score 5)**

Cleaning of Structure

Contravention The following items were dirty and require more frequent and thorough cleaning:

- Behind and under some equipment such as coffee machine area, and cooking range. Also beneath the wash hand basin where the floor, fire extinguishers and covers were located.
- Cellar door
- Wall to side of griddle
- Pillar by cook grill

Observation The kitchen had been well maintained and the standard of cleaning was generally good.

Cleaning of Equipment and Food Contact Surfaces

Observation You had dedicated equipment for the preparation of raw and ready-to-eat foods.

Cleaning Chemicals / Materials / Equipment and Methods

Observation I was pleased to see that the premises was kept clean and that your cleaning materials, methods and equipment were able to minimise the spread of harmful bacteria between surfaces.

Facilities and Structural provision

Observation I was pleased to see the premises had been well maintained and that adequate facilities had been provided.

Pest Control

Observation You have a pest control contract in place and there is no evidence of pest activity on the premises.

3. Confidence in Management

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. You have a good track record. There are some minor contraventions which require your attention. **(Score 5)**

Type of Food Safety Management System Required

Observation Your food safety management system was in place and generally working well. I was confident you had effective control over hazards to food.

Observation You were date labelling perishable foods appropriately and could demonstrate effective control over food spoilage organisms.

Observation You had colour-coded equipment and effective separation between raw and ready-to-eat food at all stages in your operation.

Observation You were monitoring (and recording) the temperatures of your fridges and freezers as well as the temperature of cooked/hot-held food and could demonstrate effective systems for controlling bacterial growth and survival.

Proving Your Arrangements are Working Well

Contravention The following matters are needed in order to demonstrate your food safety management system is working as it should::

- Improve cleaning in some areas

Traceability

Observation Your records were such that food could easily be traced back to its supplier.

Waste Food and other Refuse

Observation You had measures in place to dispose of waste food appropriately and were employing the services of an approved waste contractor.

Training

Observation I was pleased to see that food handlers had been trained to an appropriate level and evidence of their training was made available. You have an online training system.

Infection Control / Sickness / Exclusion Policy

Observation Policies were in place to prevent any infected food handler from contaminating food.

Allergens

Observation You had identified the presence of allergens in your non-prepacked food and had brought this to the attention of your customers.

Observation You had clearly shown the presence of allergens in your food on your menu.
