Relevant Legislation

Food Safety Act 1990 (as amended)

Regulation (EC) No 178/2002 applied by The General Food Regulations 2004 (as amended)

Regulation (EC) No 852/2004 and No 853/2004 applied by Regulation 19 (1) of the Food Safety and Hygiene (England) Regulations 2013

Health and Safety at Work etc. Act 1974 and related regulations

Food Information Regulations 2014

What you must do to comply with the law

The report may include **Contraventions** - matters which do not comply with the law . You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information, Recommendations** of good practice and reminders of **Legal Requirements** .

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

FOOD SAFETY

How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area	You Score					
	Food Hygiene and Safety	0	5	10	15	20
Structure and Cleaning	0	5	10	15	20	25
Confidence in management & control systems	0	5	10	15	20	30

Your Total score	0 - 15	20	25 - 30	35 - 40	45 - 50	> 50
Your Worst score	5	10	10	15	20	-

Your Rating is	5	4	3	2	1	0
----------------	---	---	---	---	---	---

Your Food Hygiene Rating is 4 - a good standard

1. Food Hygiene and Safety

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. Some minor contraventions require your attention. **(Score 5)**

Contamination risks

Contravention Food was not protected from general sources of contamination:

- green cutting board was badly scoured and needs replacing

Observation I was pleased to see you were able to demonstrate effective controls to prevent cross-contamination.

Personal Hygiene

Observation I was pleased to see that standards of personal hygiene were high.

Temperature Control

Observation I was pleased to see you were able to limit bacterial growth and/or survival by applying appropriate temperature controls at points critical to food safety and that you were monitoring temperatures.

Poor Practices

Contravention The following matters represented poor practice and if allowed to continue may cause food to become contaminated or lead to its deterioration::

- 2 x loaves of brown bread stored beyond 'best before' date

Guidance It is an offence to sell food which is not of the nature, substance or quality demanded by the consumer. Food sold passed it's 'best before' date could be of a reduced quality so you must check it is OK before you use it.

Recommendation You should have a system to identify when open or prepared foods need to be used by or discarded, to ensure the food is fit for consumption. I recommend you apply labels which give a day or date that is 2 days after the day of production e.g. if food is opened on Monday it should be used by the end of Wednesday.

2. Structure and Cleaning

The structure facilities and standard of cleaning and maintenance are of a generally satisfactory standard but there are some repairs and/or improvements which are required in order for you to comply with the law. Pest control and waste disposal provisions are adequate. The contraventions require your attention; although not critical to food safety they may become so if not addressed. **(Score 10)**

Cleaning of Structure

Contravention The following items were dirty and require more frequent and thorough cleaning:

- skirting boards
- ceiling
- hand contact surface (such as fridge handles, cooker knobs, light switches and sink taps)

Cleaning of Equipment and Food Contact Surfaces

Contravention The following items are dirty and must be cleaned::

- fridge and freezer seals
- interior to microwave
- interior bottom to fridge
- interior door shelving to fridge

Cleaning Chemicals / Materials / Equipment and Methods

Observation I was pleased to see that the premises was kept clean and that your cleaning materials, methods and equipment were able to minimise the spread of harmful bacteria between surfaces.

Maintenance

Contravention The following had not been suitably maintained and must be repaired or replaced:

- wall surfaces
- worn and / or peeling paint
- worn worktops
- around electric socket
- holes to wall

Recommendation the counter tops and units were showing signs of age and should be replaced or renovated soon

Pest Control

Observation You have a pest control contract in place and there is no evidence of pest activity on the premises.

3. Confidence in Management

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. You have a good track record. There are some minor contraventions which require your attention. You have a good track record. There are some minor contraventions which require your attention. You have a good track record. There are some minor contraventions which require your attention. **(Score 5)**

Type of Food Safety Management System Required

Observation Your SFBB/food safety management system was in place and working well. I was confident you had effective control over hazards to food.

Observation You were date labelling perishable foods appropriately and could demonstrate effective control over food spoilage organisms.

Observation You had colour-coded equipment and effective separation between raw and ready-to-eat food at all stages in your operation.

Observation You were monitoring (and recording) the temperatures of your fridges and freezers as well as the temperature of cooked/hot-held food and could demonstrate effective systems for controlling bacterial growth and survival.

Traceability

Observation Your records were such that food could easily be traced back to its supplier.

Waste Food and other Refuse

Observation You had measures in place to dispose of waste food appropriately and were employing the services of an approved waste contractor.

Infection Control / Sickness / Exclusion Policy

Observation Policies were in place to prevent any infected food handler from contaminating food.
