

## Public Protection (food & safety)

### Food Premises Inspection Report

Name of business:	Rosary Road Convenience Store
Address of food business:	106 - 110 Rosary Road Norwich NR1 4DA
Date of inspection:	15/02/2022
Risk rating reference:	22/00130/FOOD
Premises reference:	14050/0106/0/000
Type of premises:	Convenience Store
Areas inspected:	All
Records examined:	None
Details of samples procured:	None
Summary of action taken:	Informal
General description of business:	Retail shop serving local community

#### Relevant Legislation

Food Safety Act 1990 (as amended)

Regulation (EC) No 178/2002 applied by The General Food Regulations 2004 (as amended)

Regulation (EC) No 852/2004 and No 853/2004 applied by Regulation 19 (1) of the Food Safety and Hygiene (England) Regulations 2013

Health and Safety at Work etc. Act 1974 and related regulations

Food Information Regulations 2014

#### What you must do to comply with the law

The report may include **Contraventions** - matters which do not comply with the law . You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information, Recommendations** of good practice and reminders of **Legal Requirements** .

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

## FOOD SAFETY

### How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area	You Score					
Food Hygiene and Safety	0	5	10	15	20	25
Structure and Cleaning	0	5	10	15	20	25
Confidence in management & control systems	0	5	10	15	20	30
<b>Your Total score</b>	<b>0 - 15</b>	20	25 - 30	35 - 40	45 - 50	> 50
<b>Your Worst score</b>	5	10	10	15	20	-
<b>Your Rating is</b>	5	4	3	2	1	0

Your Food Hygiene Rating is 4 - a good standard

### 1. Food Hygiene and Safety

Food Hygiene standards are excellent. You demonstrated full compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. **(Score 0)**

### 2. Structure and Cleaning

The structure facilities and standard of cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste disposal provisions are adequate. The minor contraventions require your attention. **(Score 5)**

#### Cleaning of Structure

**Contravention** The following items were dirty and require more frequent and thorough cleaning:

- floor/wall junctions
- ceiling
- hand contact surfaces such as light switches and door handles

**Contravention** The following items could not be effectively cleaned and must be covered or made non-absorbent:

- floors in rear food storage rooms

### Maintenance

**Contravention** The following had not been suitably maintained and must be repaired or replaced:

- floor surfaces

### **3. Confidence in Management**

There are generally satisfactory food safety controls in place although there is evidence of some non-compliance with the law. You have a satisfactory track record. The contraventions require your attention; although not critical to food safety they may become so if not addressed. **(Score 10)**

### Type of Food Safety Management System Required

**Contravention** You are a low risk business and do not have a food safety management system or what you have in place is not suitable given the food risks associated with your business. You still require a minimum amount of documentation. This might include your hygiene rules, pest control reports, a staff illness and exclusion policy, a cleaning schedule, date coding, temperature checks of display chillers, and handover diary etc.

**Legal Requirement** Food business operators must put in place, implement and maintain a permanent procedure or procedures based on HACCP principles:

- Identify hazards to food.
- Identify the critical limits (what is acceptable and unacceptable).
- Monitor critical control points to ensure critical limits are met.
- Keep appropriate records to demonstrate control measures are effective.

**Recommendation** Choose Safer Food Better Business as your food safety management system. It is simple to implement and requires a minimum amount of record keeping.

**Recommendation** MyHACCP is a free web tool that will guide you through the process of developing a food safety management system based on Hazard Analysis and Critical Control Point (HACCP) [www.myhaccp.food.gov.uk](http://www.myhaccp.food.gov.uk)

**Recommendation** You can buy a printed copy of Safer Food Better Business or a diary refill pack via our website [www.norwich.gov.uk/sfbb](http://www.norwich.gov.uk/sfbb)

### Traceability

**Observation** Your records were such that food could easily be traced back to its supplier.
