General description of Portuguese reataurant

business:

#### **Relevant Legislation**

Food Safety Act 1990 (as amended)

Regulation (EC) No 178/2002 applied by The General Food Regulations 2004 (as amended)

Regulation (EC) No 852/2004 and No 853/2004 applied by Regulation 19 (1) of the Food

Safety and Hygiene (England) Regulations 2013

Health and Safety at Work etc. Act 1974 and related regulations

Food Information Regulations 2014

#### What you must do to comply with the law

The report may include **Contraventions** - matters which do not comply with the law . You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next <u>2 months</u>.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information**, **Recommendations** of good practice and reminders of **Legal Requirements**.

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

#### **FOOD SAFETY**

# How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area				You Score					
Food Hygiene and Safety				0	5	10	15	20	25
Structure and Cleaning				0	5	10	15	20	25
Confidence in management & control systems				0	5	10	15	20	30
Your Total score	0 - 15	20	25 - 30		35 - 40		45 - 50		> 50
Your Worst score	5	10	10		15		20		-
Your Rating is									

Your Food Hygiene Rating is 5 - a very good standard

# 1. Food Hygiene and Safety

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. Some minor contraventions require your attention. (Score 5)

#### Contamination risks

**Observation** I was pleased to see you were able to demonstrate effective controls to prevent cross-contamination.

#### Hand-washing

**Contravention** The following indicated that hand-washing was not suitably managed::

• no soap was available- this was on order.

**Guidance** Proper hand-washing is essential to prevent cross-contamination of E.coli 0157 and other harmful bacteria onto food and food contact surfaces. Hand washing should include the following steps:

- \* wet hands before applying soap
- \* good hand rubbing technique
- \* rinsing of hands

\* hygienic drying

# Personal Hygiene

**Observation** I was pleased to see that standards of personal hygiene were high.

## Temperature Control

**Observation** I was pleased to see you were able to limit bacterial growth and/or survival by applying appropriate temperature controls at points critical to food safety and that you were monitoring temperatures.

#### **Poor Practices**

**Contravention** The following matters represented poor practice and if allowed to continue may cause food to become contaminated or lead to its deterioration::

- Although your trading days each week are four, so product has a limited shelf life, it is important to be able to prove this. Date coding was good, but you must date the frozen vacuum packs when these are defrosted. ie. jack fruit, mushroom pate, mackrell pate.
- You sous vide cook, but also flash cook before service to a high temperature. Nevertheless, you should be able to demonstrate you can monitor the sous vide cook temperatures. You have been advised to purchase a specialised sous vide probe and to monitor and record temperatures.

# 2. Structure and Cleaning

The structure facilities and standard of cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste disposal provisions are adequate. The minor contraventions require your attention. (Score 5)

#### Cleaning of Structure

**Contravention** The following items were dirty and require more frequent and thorough cleaning::

Some low kitchen shelves.

**Contravention** The following items could not be effectively cleaned and must be covered, made non-absorbent or replaced::

- Bare wood shelf, requires sealing
- Gap at top of wooden wall should be filled.

**Observation** The kitchen had been well maintained and the standard of cleaning was good.

I recommend a better/higher spash back behind the sink to facilitate cleaning.

#### Cleaning of Equipment and Food Contact Surfaces

**Information** Please refer to www.food.gov.uk/business-guidance/e-coli-cross-contamination-guidance

And as you vacuum pack, even for a shelf life of less than 10 days, please refer to this specific guidance too:

https://www.food.gov.uk/business-guidance/vacuum-packaging

**Observation** You had dedicated equipment for the preparation of raw and for ready-to-eat foods.

### Cleaning Chemicals / Materials / Equipment and Methods

**Observation** I was pleased to see that the premises was kept clean and that your cleaning materials, methods and equipment were able to minimise the spread of harmful bacteria between surfaces.

# <u>Maintenance</u>

**Contravention** The following had not been suitably maintained and must be repaired or replaced::

• The two small holes in the ceiling require covering.

**Observation** You are maintaining the premises in good condition.

#### Facilities and Structural provision

**Observation** I was pleased to see the premises had been well maintained and that adequate facilities had been provided.

#### Pest Control

**Recommendation** Provide an electric fly killer.

**Observation** I was pleased to see that the premises was proofed against the entry of pests and that pest control procedures were in place.

#### 3. Confidence in Management

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. You have a good track record. There are some minor contraventions which require your attention. (Score 5)

#### Type of Food Safety Management System Required

**Information** You can download a Safer Food Better Business pack and refill diary pages from the FSA website: www.food.gov.uk/business-industry/caterers/sfbb

**Observation** Your SFBB/food safety management system was in place and working well. I was confident you had effective control over hazards to food. You were maintaining good additional records. You had completed additional Haccp for vacuum packing etc as requested at the last inspection.

**Observation** You had colour-coded equipment and effective separation between raw and ready-to-eat food at all stages in your operation.

**Observation** You were monitoring (and recording) the temperatures of your fridges and freezers well as the temperature of cooked/hot-held food and could demonstrate effective systems for controlling bacterial growth and survival.

**Observation** You were date labelling perishable foods appropriately and could demonstrate effective control over food spoilage organisms.

#### Traceability

**Observation** Your records were such that food could easily be traced back to its supplier.

# Infection Control / Sickness / Exclusion Policy

**Guidance** UK Health Security Agency recommends that food handlers known or suspected to be suffering from a food-borne infection or gastrointestinal illness stay away from work until symptom-free for 48 hours.

**Observation** Policies were in place to prevent any infected food handler from contaminating food.

#### Waste Food and other Refuse

**Observation** You had measures in place to dispose of waste food appropriately and were employing the services of an approved waste contractor.

# **Training**

**Recommendation** A Level 2 Award in Food Safety in Catering or its equivalent (a 6-hour course leading to the award of a recognised certificate in food hygiene) would be appropriate for your food handlers. Booking details for the equivalent CIEH course are on our website: www.norwich.gov.uk

**Recommendation** A Level 3 Award for Supervising Food Safety in Catering would be appropriate for your supervisory staff and those with managerial responsibility.

**Recommendation** Catering staff should refresh their food hygiene knowledge every 3 years so that they stay up to date with current legislation and good practice. Booking details for this course are on our website: www.norwich.gov.uk

**Observation** I was pleased to see that food handlers had been trained to an appropriate level and evidence of their training was made available.

# <u>Allergens</u>

**Observation** You had clearly shown the presence of allergens in your food on your menu.
