**Food Premises Inspection Report**

Name of business:	Oishii Kitchen
Address of food business:	12 Distillery Square Norwich NR2 4BH
Date of inspection:	14/12/2022
Risk rating reference:	22/00699/FOOD
Premises reference:	21/00365/FD_HS
Type of premises:	Restaurant or cafe
Areas inspected:	Main Kitchen, Servery, Storeroom, Basement
Records examined:	Training Certificates/records, Temperature Control Records, SFBB, Cleaning Schedule
Details of samples procured:	None
Summary of action taken:	Informal
General description of business:	Restaurant

**Relevant Legislation**

Food Safety Act 1990 (as amended)  
Regulation (EC) No 178/2002 applied by The General Food Regulations 2004 (as amended)  
Regulation (EC) No 852/2004 and No 853/2004 applied by Regulation 19 (1) of the Food Safety and Hygiene (England) Regulations 2013  
Health and Safety at Work etc. Act 1974 and related regulations  
Food Information Regulations 2014

**What you must do to comply with the law**

The report may include **Contraventions** - matters which do not comply with the law . You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information, Recommendations** of good practice and reminders of **Legal Requirements** .

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

## FOOD SAFETY

### How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area	You Score					
Food Hygiene and Safety	0	5	10	15	20	25
Structure and Cleaning	0	5	10	15	20	25
Confidence in management & control systems	0	5	10	15	20	30

  

Your Total score	0 - 15	20	25 - 30	35 - 40	45 - 50	> 50
Your Worst score	5	10	10	15	20	-

  

Your Rating is	5	4	3	2	1	0
----------------	---	---	---	---	---	---

Your Food Hygiene Rating is 5 - a very good standard

### 1. Food Hygiene and Safety

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. Some minor contraventions require your attention. **(Score 5)**

#### Contamination risks

**Guidance** The FSA (visit [www.food.gov.uk](http://www.food.gov.uk) for more information) has issued guidance on controlling E.coli 0157 through:

- \* the complete separation of raw and ready-to-eat food
- \* the correct use of wash-hand basins and thorough handwashing
- \* having dedicated equipment (including complex equipment) for raw and ready-to-eat foods
- \* thorough 2-stage cleaning and the correct use of sanitisers
- \* and by controlling the risks posed by soily vegetables.

**Recommendation** Provide separate equipment and utensils designated for use with either raw or ready-to-eat foods, which can be easily identified (e.g. colour coded) and stored and washed separately.

**Recommendation** Chopping/cutting boards were being stored directly touching. Chopping/cutting boards must be stored in a rack properly divided to stop cross-contamination and to allow aeration

### Hand-washing

**Contravention** The following indicated that hand-washing was not suitably managed:

- the hot water was too hot for comfortable hand washing. Provide a plug to the wash hand basin

### Personal Hygiene

**Contravention** The following are examples of poor personal hygiene or where it was made difficult for food handlers to maintain sufficiently high standards of personal cleanliness:

- staff were not wearing suitable protective clothing

**Legal requirement** All persons in food handling areas must wear suitable, clean, and where appropriate protective clothing

### Temperature Control

**Recommendation** The core temperature of cooked and reheated foods should reach 75°C for 30 seconds or an equivalent time and temperature combination.

## **2. Structure and Cleaning**

The structure facilities and standard of cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste disposal provisions are adequate. The minor contraventions require your attention. **(Score 5)**

### Cleaning of Structure

**Contravention** The following items were dirty and require more frequent and thorough cleaning:

- flooring behind and under equipment

**Observation** The kitchen had been well maintained and the standard of cleaning was good.

## Cleaning of Equipment and Food Contact Surfaces

**Contravention** The following items are dirty and must be cleaned:

- fridge and freezer seals
- legs and wheels to equipment
- filters to extraction canopy
- interior bottom to upright fridge
- interior door shelving to upright fridge
- interior bottom to chest freezer
- shelving to storeroom

## Cleaning Chemicals / Materials / Equipment and Methods

**Observation** I was pleased to see that the premises was kept clean and that your cleaning materials, methods and equipment were able to minimise the spread of harmful bacteria between surfaces.

## Maintenance

**Observation** You are maintaining the premises in good condition.

## Facilities and Structural provision

**Observation** I was pleased to see the premises had been well maintained and that adequate facilities had been provided.

## Pest Control

**Observation** I was pleased to see that the premises was proofed against the entry of pests and that pest control procedures were in place.

## **3. Confidence in Management**

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. You have a good track record. There are some minor contraventions which require your attention. **(Score 5)**

### Proving Your Arrangements are Working Well

**Contravention** The following are examples of where the documented Safe Methods in your SFBB pack said one thing but you were doing another. Follow your plan or change it - but ensure hazards are adequately controlled if you do:

- it states in your pack that different areas for are used for raw and ready-to- eat foods and that the same areas are used for raw and ready-to eat foods
- it states in your pack that you have a dishwasher and that if you do not you use separate sinks

### Waste Food and other Refuse

**Observation** You had measures in place to dispose of waste food appropriately and were employing the services of an approved waste contractor.

### Training

**Observation** I was pleased to see that food handlers had been trained to an appropriate level and evidence of their training was made available.
