## **Food Premises Inspection Report**

Name of business: Yellows

Address of food business: Norwich City Football Club Carrow Road Norwich Norfolk

NR1 1JE

Date of inspection: 20/01/2023
Risk rating reference: 23/00077/FOOD
Premises reference: 05/00136/FD\_HS

Type of premises: Restaurant or cafe Areas inspected: Servery, Main Kitchen

Records examined: Pest Control Report, Training Certificates/records,

Cleaning Schedule, Temperature Control Records, SFBB

Details of samples procured: None Summary of action taken: Informal

General description of Hot food takeaway

business:

## **Relevant Legislation**

Food Safety Act 1990 (as amended)

Regulation (EC) No 178/2002 applied by The General Food Regulations 2004 (as amended)

Regulation (EC) No 852/2004 and No 853/2004 applied by Regulation 19 (1) of the Food

Safety and Hygiene (England) Regulations 2013

Health and Safety at Work etc. Act 1974 and related regulations

Food Information Regulations 2014

### What you must do to comply with the law

The report may include **Contraventions** - matters which do not comply with the law. You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next <u>2 months</u>.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information**, **Recommendations** of good practice and reminders of **Legal Requirements**.

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

## **FOOD SAFETY**

# How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area				You Score					
Food Hygiene and Safety				0	5	10	15	20	25
Structure and Cleaning				0	5	10	15	20	25
Confidence in management & control systems				0	5	10	15	20	30
Your Total score	0 - 15	20	25 - 30		35 - 40		45 - 50		> 50
Your Worst score	5	10	10		15		20		-
Your Rating is	5	4	3		2		1		0

Your Food Hygiene Rating is 5 - a very good standard

### 1. Food Hygiene and Safety

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. Some minor contraventions require your attention. (Score 5)

# Contamination risks

**Contravention** The following exposed food to the general risk of cross-contamination with bacteria or allergens or its physical contamination with dirt, foreign objects or chemicals:

worn chopping boards need replacing

**Observation** I was pleased to see you were able to demonstrate effective controls to prevent cross-contamination.

# Hand-washing

**Observation** I was pleased to see handwashing was well managed.

# Personal Hygiene

**Observation** I was pleased to see that standards of personal hygiene were high.

### Unfit food

**Recommendation** You should have a system to identify when open or prepared foods need to be used by or discarded, to ensure the food is fit for consumption. I recommend you apply labels which give a date that is 2 days after the day of production e.g. if food is opened on Monday it should be used by the end of Wednesday (an exception is cooked rice which should not be kept longer than 24 hours)

**Observation** There appeared to be some confusion by staff over the shelf life given to food. I recommend you supervise staff and ensure there is clarity on the 3 day shelf life labelling given to food.

# 2. Structure and Cleaning

The structure facilities and standard of cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste disposal provisions are adequate. The minor contraventions require your attention. (Score 5)

### Cleaning of Structure

**Contravention** The following items were dirty and require more frequent and thorough cleaning:

electric fly killer and tray

**Observation** The kitchen had been well maintained and the standard of cleaning was good.

# Cleaning of Equipment and Food Contact Surfaces

**Contravention** The following items are dirty and must be cleaned:

chopping boards

**Observation** You had dedicated equipment for the preparation of raw and for ready-to-eat foods.

Cleaning Chemicals / Materials / Equipment and Methods

**Contravention** The following evidence demonstrated your cleaning materials, equipment and methods were not sufficient to control the spread of harmful bacteria between surfaces:

**Recommendation** I recommend you acquire probe wipes for cleaning your probe.

**Observation** The contents of a sanitiser bottle was different to the label on the bottle. I recommend that you acquire more bottles from your supplier with the appropriate label in place.

### Maintenance

**Observation** You are maintaining the premises in good condition.

## Facilities and Structural provision

**Observation** I was pleased to see the premises had been well maintained and that adequate facilities had been provided.

# **Pest Control**

**Observation** I was pleased to see that the premises was proofed against the entry of pests and that pest control procedures were in place.

### 3. Confidence in Management

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. Your records are appropriate and generally maintained. You have a good track record. There are some minor contraventions which require your attention. (Score 5)

# Type of Food Safety Management System Required

**Observation** Your SFBB/food safety management system was in place and working well. I was confident you had effective control over hazards to food.

**Observation** You had colour-coded equipment and effective separation between raw and ready-to-eat food at all stages in your operation.

**Observation** You were monitoring (and recording) the temperatures of your fridges and freezers well as the temperature of cooked/hot-held food and could demonstrate effective systems for controlling bacterial growth and survival.

### Proving Your Arrangements are Working Well

**Observation** Your probe calibration log was last recorded 13/04/2022. I recommend you calibrate your probe more often and bring your records up to date.

## Traceability

**Observation** I was unable to view any records off suppliers during my visit but was verbally informed. Please ensure records are available to view during your next routine inspection.

## Infection Control / Sickness / Exclusion Policy

**Observation** Policies were in place to prevent any infected food handler from contaminating food.

### Waste Food and other Refuse

**Observation** You had measures in place to dispose of waste food appropriately and were employing the services of an approved waste contractor.

# **Training**

**Recommendation** Catering staff should refresh their food hygiene knowledge every 3 years so that they stay up to date with current legislation and good practice. Booking details for this course are on our website: www.norwich.gov.uk

**Observation** I was pleased to see that food handlers had been trained to an appropriate level and evidence of their training was made available.

### <u>Allergens</u>

**Observation** You had clearly shown the presence of allergens in your food on your menu.

**Observation** You had identified the presence of allergens in your non-prepacked food and had brought this to the attention of your customers.

**Observation** You had devised a chart listing all the food you provide with the allergens present in each and had brought this to the attention of your staff and customers.
