What you must do to comply with the law

The report may include **Contraventions** - matters which do not comply with the law. You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information, Recommendations** of good practice and reminders of **Legal Requirements**.

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

FOOD SAFETY

How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area	You Score					
Food Hygiene and Safety	0	5	10	15	20	25
Structure and Cleaning	0	5	10	15	20	25
Confidence in management & control systems	0	5	10	15	20	30
Your Total score	0 - 15	20	25 - 30	35 - 40	45 - 50	> 50
Your Worst score	5	10	10	15	20	-
Your Rating is	5	4	3	2	1	0

Your Food Hygiene Rating is 4 - a good standard

1. Food Hygiene and Safety

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. Some minor contraventions require your attention. **(Score 5)**

Contamination risks

Contravention The following exposed food to the general risk of cross-contamination with bacteria or allergens or its physical contamination with dirt, foreign objects or chemicals:

- Open foods in fridge.

Recommendation All foods should be kept covered when stored in the fridge to prevent possible risk of contamination. Food should be properly wrapped or stored in a clean, lidded, washable containers.

Hand-washing

Observation I was pleased to see handwashing was well managed.

Personal Hygiene

Observation I was pleased to see that standards of personal hygiene were high.

Temperature Control

Observation I was pleased to see you were able to limit bacterial growth and/or survival by applying appropriate temperature controls at points critical to food safety and that you were monitoring temperatures.

2. Structure and Cleaning

The structure facilities and standard of cleaning and maintenance are of a generally satisfactory standard but there are some repairs and/or improvements which are required in order for you to comply with the law. Pest control and waste disposal provisions are adequate. The contraventions require your attention; although not critical to food safety they may become so if not addressed. **(Score 10)**

Cleaning of Structure

Contravention The following items were dirty and require more frequent and thorough cleaning:

- Electric fly killer and tray.

Cleaning of Equipment and Food Contact Surfaces

Observation You had dedicated equipment for the preparation of raw and for ready-to-eat foods.

Recommendation Remove the plastic film covering on the fridges in order to carry out effective cleaning.

Maintenance

Recommendation As discussed, it is recommended that a flyscreen is provided to the window located side storeroom.

Pest Control

Observation I was pleased to see that the premises was proofed against the entry of pests and that pest control procedures were in place.

3. Confidence in Management

A food safety management system is in place, and you demonstrate a very good standard of compliance with the law. You have a good track record. There are some minor contraventions which require your attention. **(Score 5)**

Type of Food Safety Management System Required

Observation You were monitoring (and recording) the temperatures of your fridges and freezers well as the temperature of cooked/hot-held food and could demonstrate effective systems for controlling bacterial growth and survival.

Food Hazard Identification and Control

Contravention The following pre-requisites have not been met and this means that your food safety management system will be ineffective:

- Maintenance is poor.

Contravention You have not identified these food hazards or the methods of control at critical points in your operation:

- Bacteria growing on food.
- Bacteria surviving in cooked food.
- Cross-contamination.

Contravention The following Safer Food Better Business SAFE METHODS are incomplete:

- Chilling
- Cleaning
- Cooking
- Cross-contamination

Recommendation You are using a brand new copy of a Chinese SFBB, however, your safe methods have not been completed. I recommend that you work through each section and complete all the safe methods that are relevant to your business.

Proving Your Arrangements are Working Well

Recommendation Your SFBB pack should be used as intended so as to guarantee you are fully complying with your legal obligation to have a documented food safety management system in place.

Traceability

Observation Your records were such that food could easily be traced back to its supplier.

Infection Control / Sickness / Exclusion Policy

Observation Policies were in place to prevent any infected food handler from contaminating food.

Waste Food and other Refuse

Observation You had measures in place to dispose of waste food appropriately and were employing the services of an approved waste contractor.

Training

Recommendation Catering staff should refresh their food hygiene knowledge every 3 years so that they stay up to date with current legislation and good practice. Booking details for this course are on our website: www.norwich.gov.uk

Allergens

Observation You had devised a chart listing all the food you provide with the allergens present in each and had brought this to the attention of your staff and customers.
