**Food Premises Inspection Report**

Name of business:	The Ivy Norwich Brasserie
Address of food business:	30 London Street Norwich NR2 1LD
Date of inspection:	16/10/2023
Risk rating reference:	23/00723/FOOD
Premises reference:	18/00167/FD_HS
Type of premises:	Cuisine - English
Areas inspected:	Storeroom, Main Kitchen
Records examined:	FSMS
Details of samples procured:	None
Summary of action taken:	Informal
General description of business:	Restaurant

**Relevant Legislation**

Food Safety Act 1990 (as amended)

Regulation (EC) No 178/2002 applied by The General Food Regulations 2004 (as amended)

Regulation (EC) No 852/2004 and No 853/2004 applied by Regulation 19 (1) of the Food Safety and Hygiene (England) Regulations 2013

Health and Safety at Work etc. Act 1974 and related regulations

Food Information Regulations 2014

**What you must do to comply with the law**

The report may include **Contraventions** - matters which do not comply with the law . You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information, Recommendations** of good practice and reminders of **Legal Requirements** .

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

## FOOD SAFETY

### How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area	You Score					
Food Hygiene and Safety	0	5	10	15	20	25
Structure and Cleaning	0	5	10	15	20	25
Confidence in management & control systems	0	5	10	15	20	30

  

Your Total score	0 - 15	20	25 - 30	35 - 40	45 - 50	> 50
Your Worst score	5	10	10	15	20	-

  

Your Rating is	5	4	3	2	1	0
----------------	---	---	---	---	---	---

Your Food Hygiene Rating is 5 - a very good standard

### 1. Food Hygiene and Safety

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. Some minor contraventions require your attention. **(Score 5)**

#### Contamination risks

**Contravention** The following exposed food to the general risk of cross-contamination with bacteria or allergens or its physical contamination with dirt, foreign objects or chemicals:

- damaged equipment is in use that could shed broken particles i.e grips to the corners of the cutting boards
- green cutting board was badly scored

#### Hand-washing

**Observation** I was pleased to see handwashing was well managed.

### Personal Hygiene

**Observation** I was pleased to see that standards of personal hygiene were high.

### Temperature Control

**Observation** I was pleased to see you were able to limit bacterial growth and/or survival by applying appropriate temperature controls at points critical to food safety and that you were monitoring temperatures.

### Poor Practices

**Contravention** The following matters represented poor practice and if allowed to continue may cause food to become contaminated or lead to its deterioration:

- storing cooked Jasmine rice for 3 days. The food standard agency guidance is that cooked rice should be used within 24 hours, See link below

<https://www.food.gov.uk/safety-hygiene/home-food-fact-checker>

**Recommendation** you should review your Food Safety Management System policy on storage of cooked rice

## **2. Structure and Cleaning**

The structure facilities and standard of cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste disposal provisions are adequate. The minor contraventions require your attention. **(Score 5)**

### Cleaning of Structure

**Observation** The kitchen had been well maintained and the standard of cleaning was good.

### Cleaning of Equipment and Food Contact Surfaces

**Contravention** The following items are dirty and must be cleaned:

- safety glove

### Cleaning Chemicals / Materials / Equipment and Methods

**Observation** I was pleased to see that the premises was kept clean and that your cleaning materials, methods and equipment were able to minimise the spread of harmful bacteria between surfaces.

## Maintenance

**Contravention** The following had not been suitably maintained and must be repaired or replaced:

- damage to wall

## Facilities and Structural provision

**Observation** I was pleased to see the premises had been well maintained and that adequate facilities had been provided.

## Pest Control

**Observation** I was pleased to see that the premises was proofed against the entry of pests and that pest control procedures were in place.

**Observation** You have a pest control contract in place and there is no evidence of pest activity on the premises.

## **3. Confidence in Management**

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. You have a good track record. There are some minor contraventions which require your attention. **(Score 5)**

### Type of Food Safety Management System Required

**Observation** You were date labelling perishable foods appropriately and could demonstrate effective control over food spoilage organisms.

**Observation** You had colour-coded equipment and effective separation between raw and ready-to-eat food at all stages in your operation.

**Observation** You were monitoring (and recording) the temperatures of your fridges and freezers as well as the temperature of cooked/hot-held food

### Food Hazard Identification and Control

**Contravention** You have not identified these food hazards or the methods of control at critical points in your operation:

- bacteria growing on food

### Traceability

**Observation** Your records were such that food could easily be traced back to its supplier.

### Training

**Observation** I was pleased to see that food handlers had been trained to an appropriate level and evidence of their training was made available.

### Allergens

**Observation** You had devised a chart listing all the food you provide with the allergens present in each and had brought this to the attention of your staff and customers.
