What you must do to comply with the law

The report may include **Contraventions** - matters which do not comply with the law . You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information, Recommendations** of good practice and reminders of **Legal Requirements** .

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

FOOD SAFETY

How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area	You Score					
Food Hygiene and Safety	0	5	10	15	20	25
Structure and Cleaning	0	5	10	15	20	25
Confidence in management & control systems	0	5	10	15	20	30
Your Total score	0 - 15	20	25 - 30	35 - 40	45 - 50	> 50
Your Worst score	5	10	10	15	20	-
Your Rating is	5	4	3	2	1	0

Your Food Hygiene Rating is 5 - a very good standard

1. Food Hygiene and Safety

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. Some minor contraventions require your attention. **(Score 5)**

Contamination risks

Contravention Food was not protected from general sources of contamination:

- vegetable peelings in open bag of rice
- green cutting board was badly scored and needs replacing

Legal requirement Provide smooth, plastic or metal, rodent proof containers with tight fitting lids for the storage of dried foods

Legal requirement At all stages of production, processing and distribution, food must be protected from any contamination likely to render it unfit for human consumption, injurious to health or contaminated in such a way that it would be unreasonable to expect it to be consumed in that state.

Hand-washing

Observation I was pleased to see handwashing was well managed.

Personal Hygiene

Observation I was pleased to see that standards of personal hygiene were high.

Temperature Control

Observation I was pleased to see you were able to limit bacterial growth and/or survival by applying appropriate temperature controls at points critical to food safety and that you were monitoring temperatures.

Unfit food

Contravention The following food was unfit and did not conform to food safety requirements:

- mouldy red grapefruit stored in cellar

2. Structure and Cleaning

The structure facilities and standard of cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste disposal provisions are adequate. The minor contraventions require your attention. **(Score 5)**

Cleaning of Structure

Contravention The following items were dirty and require more frequent and thorough cleaning:

- behind and under equipment
- pipework
- steps leading to cellar

Cleaning of Equipment and Food Contact Surfaces

Contravention The following items are dirty and must be cleaned:

- underneath towel dispenser
- seals to fridges
- legs to equipment

Cleaning Chemicals / Materials / Equipment and Methods

Observation I was pleased to see that the premises was kept clean and that your cleaning materials, methods and equipment were able to minimise the spread of harmful bacteria between surfaces.

Maintenance

Contravention The following had not been suitably maintained and must be repaired or replaced:

- damage to flooring near ice machine

Pest Control

Observation You have a pest control contract in place and there is no evidence of pest activity on the premises.

3. Confidence in Management

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. You have a good track record. There are some minor contraventions which require your attention. **(Score 5)**

Type of Food Safety Management System Required

Observation You were date labelling perishable foods appropriately and could demonstrate effective control over food spoilage organisms.

Observation You had colour-coded equipment and effective separation between raw and ready-to-eat food at all stages in your operation.

Observation You were monitoring (and recording) the temperatures of your fridges and freezers as well as the temperature of cooked/hot-held food and could demonstrate effective systems for controlling bacterial growth and survival.

Contravention You are not working to your Food Safety Management System i.e opening checks

- as mouldy fruit was being stored in the cellar

Training

Observation I was pleased to see that food handlers had been trained to an appropriate level and evidence of their training was made available.

Allergens

Observation You had identified the presence of allergens in your non-prepacked food and had brought this to the attention of your customers.

Health and Safety Matters

Contravention The following matters exposed staff to the risk of injury as a consequence of a slip, trip or fall:

- split flooring near ice machine
