**Food Premises Inspection Report**

Name of business:	Bakers + Baristas
Address of food business:	77 Castle Quarter Norwich NR1 3DD
Date of inspection:	26/01/2024
Risk rating reference:	24/00061/FOOD
Premises reference:	03110/0018/0/000
Type of premises:	Restaurant or cafe
Areas inspected:	All
Records examined:	Pest Control Report, Cleaning Schedule, FSMS, Temperature Control Records
Details of samples procured:	None
Summary of action taken:	Informal
General description of business:	Restaurant in large shopping centre.

**Relevant Legislation**

Food Safety Act 1990 (as amended)  
Regulation (EC) No 178/2002 applied by The General Food Regulations 2004 (as amended)  
Regulation (EC) No 852/2004 and No 853/2004 applied by Regulation 19 (1) of the Food Safety and Hygiene (England) Regulations 2013  
Health and Safety at Work etc. Act 1974 and related regulations  
Food Information Regulations 2014

**What you must do to comply with the law**

The report may include **Contraventions** - matters which do not comply with the law . You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information, Recommendations** of good practice and reminders of **Legal Requirements**.

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

## **FOOD SAFETY**

### **How we calculate your Food Hygiene Rating:**

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

<b>Compliance Area</b>	<b>You Score</b>					
Food Hygiene and Safety	0	<b>5</b>	10	15	20	25
Structure and Cleaning	0	5	<b>10</b>	15	20	25
Confidence in management & control systems	0	<b>5</b>	10	15	20	30
<b>Your Total score</b>	0 - 15	<b>20</b>	25 - 30	35 - 40	45 - 50	> 50
<b>Your Worst score</b>	5	<b>10</b>	10	15	20	-
<b>Your Rating is</b>	5	<b>4</b>	3	2	1	0

Your Food Hygiene Rating is 4 - a good standard

### **1. Food Hygiene and Safety**

You have a good track record. There are some minor contraventions which require your attention. Your records are appropriate and generally maintained. **(Score 5)**

#### **Contamination risks**

**Contravention** The following exposed food to the general risk of cross-contamination with bacteria or allergens or its physical contamination with dirt, foreign objects or chemicals:

- staff member seen wearing excessive jewellery

**Legal Requirement** At all stages of production, processing and distribution, food must be protected from any contamination likely to render it unfit for human consumption, injurious to health or contaminated in such a way that it would be unreasonable to expect it to be consumed in that state.

**Observation** I was pleased to see handwashing was well managed.

## Personal Hygiene

**Contravention** The following are examples of poor personal hygiene or where it was made difficult for food handlers to maintain sufficiently high standards of personal cleanliness:

- food handlers were wearing jewellery

## Temperature Control

**Observation** I was pleased to see you were able to limit bacterial growth and/or survival by applying appropriate temperature controls at points critical to food safety and that you were monitoring temperatures.

## **2. Structure and Cleaning**

The structure facilities and standard of cleaning and maintenance are of a generally satisfactory standard but there are some repairs and/or improvements which are required in order for you to comply with the law. Pest control and waste disposal provisions are adequate. The contraventions require your attention; although not critical to food safety they may become so if not addressed. **(Score 10)**

### Cleaning of Structure

**Contravention** The following items were dirty and require more frequent and thorough cleaning:

- around equipment feet
- behind and under equipment
- ceiling
- floor wall junctions
- high level cleaning
- mastic joints behind sinks

**Contravention** The following items could not be effectively cleaned and must be covered, made non-absorbent or replaced:

- chipped dented wooden architrave
- unsealed wooden structures
- wooden furniture

### Maintenance

**Contravention** The following had not been suitably maintained and must be repaired or replaced:

- wall cladding damaged

- floor surfaces damaged
- coving loose at wall floor junction
- silicon sealant damaged
- split seal to 'Polar' fridge
- deteriorating mastic sealant between sink and wall tile

### Facilities and Structural provision

**Observation** I was pleased to see the premises had been well maintained and that adequate facilities had been provided.

### Pest Control

**Observation** I was pleased to see that the premises was proofed against the entry of pests and that pest control procedures were in place.

**Observation** You have a pest control contract in place and there is no evidence of pest activity on the premises.

## **3. Confidence in Management**

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. You have a good track record. There are some minor contraventions which require your attention. Your records are appropriate and generally maintained. Your staff are suitably supervised and trained. **(Score 5)**

### Type of Food Safety Management System Required

**Legal Requirement** Food business operators must put in place, implement and maintain a permanent procedure or procedures based on HACCP principles:

- Identify hazards to food
- Identify the critical limits (what is acceptable and unacceptable)
- Monitor critical control points to ensure critical limits are met
- Keep appropriate records to demonstrate control measures are effective

**Observation** Your SFBB/food safety management system was in place and working well. I was confident you had effective control over hazards to food.

**Observation** You were date labelling perishable foods appropriately and could demonstrate effective control over food spoilage organisms.

**Observation** You were monitoring (and recording) the temperatures of your fridges and freezers as well as the temperature of cooked/hot-held food and could demonstrate effective systems for controlling bacterial growth and survival.

### Proving Your Arrangements are Working Well

**Contravention** The following are needed in order to demonstrate your food safety management system is working:

- maintenance recording

### Traceability

**Observation** Your records were such that food could easily be traced back to its supplier.

### Infection Control / Sickness / Exclusion Policy

**Guidance** UK Health Security Agency recommends that food handlers known or suspected to be suffering from a food-borne infection or gastrointestinal illness stay away from work until symptom-free for 48 hours.

**Observation** Policies were in place to prevent any infected food handler from contaminating food.

### Waste Food and other Refuse

**Observation** You had measures in place to dispose of waste food appropriately and were employing the services of an approved waste contractor.

### Training

**Observation** I was pleased to see that food handlers had been trained to an appropriate level and evidence of their training was made available.

### Allergens

**Observation** You had identified the presence of allergens in your non-prepacked food and had brought this to the attention of your customers.

**Observation** You had clearly shown the presence of allergens in your food on your menu.

**Observation** You had devised a chart listing all the food you provide with the allergens present in each and had brought this to the attention of your staff and customers.
