**What you must do to comply with the law**

The report may include **Contraventions** - matters which do not comply with the law . You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information, Recommendations** of good practice and reminders of **Legal Requirements**.

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

## FOOD SAFETY

### How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area	You Score					
Food Hygiene and Safety	0	5	10	15	20	25
Structure and Cleaning	0	5	10	15	20	25
Confidence in management & control systems	0	5	10	15	20	30
<b>Your Total score</b>	<b>0 - 15</b>	20	25 - 30	35 - 40	45 - 50	> 50
<b>Your Worst score</b>	<b>5</b>	10	10	15	20	-
<b>Your Rating is</b>	<b>5</b>	4	3	2	1	0

Your Food Hygiene Rating is 5 - a very good standard

### 1. Food Hygiene and Safety

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. Some minor contraventions require your attention. **(Score 5)**

#### Contamination risks

**Contravention** The following exposed food to the general risk of cross-contamination with bacteria or allergens or its physical contamination with dirt, foreign objects or chemicals:

- uncovered foods at main counter. Covers were available but not being used

**Legal Requirement** At all stages of production, processing and distribution, food must be protected from any contamination likely to render it unfit for human consumption, injurious to health or contaminated in such a way that it would be unreasonable to expect it to be consumed in that state.

#### Hand-washing

**Contravention** The following indicated that hand-washing was not suitably managed:

- the wash hand basin was obstructed by jugs/equipment sited in-front/beside the sink awaiting cleaning
- **Legal Requirement** An adequate number of wash hand basins must be available for use, they must be suitably located and designated for cleaning hands.

### Personal Hygiene

**Observation** I was pleased to see that standards of personal hygiene were high.

## **2. Structure and Cleaning**

The structure facilities and standard of cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste disposal provisions are adequate. The minor contraventions require your attention. **(Score 5)**

### Maintenance

**Contravention** The following had not been suitably maintained and must be repaired or replaced:

- rust to wheels of moveable equipment

## **3. Confidence in Management**

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. You have a good track record. There are some minor contraventions which require your attention. Your records are appropriate and generally maintained. Your staff are suitably supervised and trained. **(Score 5)**

### Type of Food Safety Management System Required

**Legal Requirement** Food business operators must put in place, implement and maintain a permanent procedure or procedures based on HACCP principles:

- Identify hazards to food
- Identify the critical limits (what is acceptable and unacceptable)
- Monitor critical control points to ensure critical limits are met
- Keep appropriate records to demonstrate control measures are effective

### Proving Your Arrangements are Working Well

**Contravention** The following are needed in order to demonstrate your food safety management system is working:

- your written procedures stipulates foods should be covered whenever possible to prevent contamination risks

### Traceability

**Observation** Your records were such that food could easily be traced back to its supplier.

### Training

**Observation** I was pleased to see that food handlers had been trained to an appropriate level and evidence of their training was made available.

### Allergens

**Observation** You had identified the presence of allergens in your non-prepacked food and had brought this to the attention of your customers.

**Observation** You had clearly shown the presence of allergens in your food on your menu.

**Observation** You had devised a chart listing all the food you provide with the allergens present in each and had brought this to the attention of your staff and customers.
