### What you must do to comply with the law

The report may include **Contraventions** - matters which do not comply with the law . You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with <u>straight away</u>.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next <u>2 months</u>.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information**, **Recommendations** of good practice and reminders of **Legal Requirements**.

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

### **FOOD SAFETY**

# How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area				You Score					
Food Hygiene and Safety				0	5	10	15	20	25
Structure and Cleaning				0	5	10	15	20	25
Confidence in management & control systems				0	5	10	15	20	30
Your Total score	0 - 15	20	25 - 30		35 - 40		45 - 50		> 50
Your Worst score	5	10	10		15		20		-
Your Rating is	5	4	3		2		1		0

Your Food Hygiene Rating is 4 - a good standard

# 1. Food Hygiene and Safety

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. Some minor contraventions require your attention. (**Score 5**)

# Contamination risks

**Contravention** The following exposed food to the general risk of cross-contamination with bacteria or allergens or its physical contamination with dirt, foreign objects or chemicals:

 damaged equipment is in use that could shed broken particles- Plastic on handle of kitchen tool – see photographs Debris on the blade to the bench-mounted can opener

**Recommendation** The use of drawing pins in rooms where open food is stored or handled should be avoided as it presents a risk of contamination of food with sharp objects food

### Temperature Control

**Observation** I was pleased to see you were able to limit bacterial growth and/or survival by applying appropriate temperature controls at points critical to food safety and that you were monitoring temperatures.

# 2. Structure and Cleaning

The structure facilities and standard of cleaning and maintenance are of a generally satisfactory standard but there are some repairs and/or improvements which are required in order for you to comply with the law. Pest control and waste disposal provisions are adequate. The contraventions require your attention; although not critical to food safety they may become so if not addressed. (Score 10)

# Cleaning of Structure

**Contravention** The following items were dirty and require more frequent and thorough cleaning:

- ceiling area in the dry store
- floor wall junctions under work equipment
- hand contact surfaces of fridges freezers
- high level cleaning ceiling in the baking area and the top of the pizza oven
- · Spills of flour on the floor in the dry store area

**Contravention** The following could not be effectively cleaned and must be covered, made non-absorbent or replaced:

 Notices stuck to tiles with adhesive tape which has deteriorated and has begun to accumulate debris and cannot be effectively cleaned

# Cleaning of Equipment and Food Contact Surfaces

**Contravention** The following items are dirty and must be cleaned:

- Bench-mounted can opener
- · Hand contact surfaces of frequently used equipment

# Cleaning Chemicals / Materials / Equipment and Methods

**Contravention** The following evidence demonstrated your cleaning materials, equipment and methods were not sufficient to control the spread of harmful bacteria between surfaces:

- the sanitisers are not to BS EN 1276:1997 13697:2001 Standards. You may find it convenient to use a sanitiser that is labelled as being compliant with BS EN 1276:1997 13697:2001 and has a contact time of no mire than one minute.
- touch points were dirty (light switches, door handles etc)

## **Pest Control**

**Observation** I was pleased to see that the premises was proofed against the entry of pests and that pest control procedures were in place.

## 3. Confidence in Management

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. You have a good track record. There are some minor contraventions which require your attention. (**Score 5**)

# Proving Your Arrangements are Working Well

Contravention You are not working to the following safe methods in your SFBB pack:

- Lapse in daily diary sheets
- Recording service temperature at start and end of service sessions would help you to demonstrate that food is being cooked to a safe temperature.

### **Traceability**

**Observation** Your records were such that food could easily be traced back to its supplier.

### Infection Control / Sickness / Exclusion Policy

**Observation** Policies were in place to prevent any infected food handler from contaminating food.

# Waste Food and other Refuse

**Observation** You had measures in place to dispose of waste food appropriately and were employing the services of an approved waste contractor.

#### Training

**Observation** I was pleased to see that food handlers had been trained to an appropriate level and evidence of their training was made available.

# <u>Allergens</u>

**Recommendation** Make a chart listing all your meals together with the 14 allergens (if present). Bring the chart to the attention of your customers and your staff.
