**What you must do to comply with the law**

The report may include **Contraventions** - matters which do not comply with the law. You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information, Recommendations** of good practice and reminders of **Legal Requirements**.

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

## **FOOD SAFETY**

### **How we calculate your Food Hygiene Rating:**

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area		You Score					
Food Hygiene and Safety		0	5	10	15	20	25
Structure and Cleaning		0	5	10	15	20	25
Confidence in management & control systems		0	5	10	15	20	30
Your Total score	0 - 15	20	25 - 30	35 - 40	45 - 50	> 50	
Your Worst score	5	10	10	15	20	-	
Your Rating is	5	4	3	2	1	0	

Your Food Hygiene Rating is 5 - a very good standard

### **1. Food Hygiene and Safety**

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. Some minor contraventions require your attention. **(Score 5)**

#### **Hand washing**

**Contravention** The following indicated that hand washing was not suitably managed:

- it takes a very long time for hot water to be produced at the wash hand basin tap

**Legal Requirement** Wash hand basins must be provided with hot and cold running water and suitable drainage; soap and a hygienic way to dry hands.

**Legal Requirement** An adequate number of wash hand basins must be available for use, they must be suitably located and designated for cleaning hands.

#### **Temperature Control**

**Observation** I was pleased to see you were able to limit bacterial growth and/or survival by applying appropriate temperature controls at points critical to food safety and that you were monitoring temperatures.

## **2. Structure and Cleaning**

The structure facilities and standard of cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste disposal provisions are adequate. The minor contraventions require your attention. **(Score 5)**

### **Maintenance**

**Contravention** The following had not been suitably maintained and must be repaired or replaced:

- floor surfaces damaged
- coving loose at wall floor junction
- paint work worn or peeling
- insectoutor not working
- gap to wall/skirting behind upright racking where you store empty pizza boxes
- damaged panel to knee operated wash hand basin

## **3. Confidence in Management**

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. You have a good track record. There are some minor contraventions which require your attention. Your records are appropriate and generally maintained. Your staff are suitably supervised and trained. **(Score 5)**

### **Type of Food Safety Management System Required**

**Observation** Your SFBB/food safety management system was in place and working well. I was confident you had effective control over hazards to food.

**Observation** You were date labelling perishable foods appropriately and could demonstrate effective control over food spoilage organisms.

**Observation** You had colour-coded equipment and effective separation between raw and ready-to-eat food at all stages in your operation.

**Observation** You were monitoring (and recording) the temperatures of your fridges and freezers as well as the temperature of cooked/hot-held food and could demonstrate effective systems for controlling bacterial growth and survival.

### **Traceability**

**Observation** Your records were such that food could easily be traced back to its supplier.

### Waste Food and other Refuse

**Observation** You had measures in place to dispose of waste food appropriately and were employing the services of an approved waste contractor.

### Training

**Contravention** The following evidence indicates there is a staff training need as food handlers:

- staff member, when questioned, was not aware of all parts of the food safety management system you employed.

### Allergens

**Observation** You had identified the presence of allergens in your non-prepacked food and had brought this to the attention of your customers.

**Observation** You had clearly shown the presence of allergens in your food on your menu.

**Observation** You had devised a chart listing all the food you provide with the allergens present in each and had brought this to the attention of your staff and customers.
