

**Public Protection (food & safety)****Food Premises Inspection Report**

Name of business:	Eaton Vale Activity Centre
Address of food business:	Eaton Vale Activity Centre Church Lane Norwich NR4 6NN
Date of inspection:	04/06/2025
Risk rating reference:	25/00494/FOOD
Premises reference:	03/00077/FD_HS
Type of premises:	Hotel
Areas inspected:	Main Kitchen
Records examined:	SFBB, Training Certificates/records
Details of samples procured:	None
Summary of action taken:	Informal
General description of business:	Activity centre with catering

**Relevant Legislation**

Food Safety Act 1990 (as amended)

Regulation (EC) No 178/2002 applied by The General Food Regulations 2004 (as amended)

Regulation (EC) No 852/2004 and No 853/2004 applied by Regulation 19 (1) of the Food Safety and Hygiene (England) Regulations 2013

Health and Safety at Work etc. Act 1974 and related regulations

Food Information Regulations 2014

**What you must do to comply with the law**

The report may include **Contraventions** - matters which do not comply with the law. You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information, Recommendations** of good practice and reminders of **Legal Requirements**.

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

## **FOOD SAFETY**

### **How we calculate your Food Hygiene Rating:**

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area	You Score					
Food Hygiene and Safety	0	5	10	15	20	25
Structure and Cleaning	0	5	10	15	20	25
Confidence in management & control systems	0	5	10	15	20	30
<b>Your Total score</b>	<b>0 - 15</b>	20	25 - 30	35 - 40	45 - 50	> 50
<b>Your Worst score</b>	<b>5</b>	10	10	15	20	-
<b>Your Rating is</b>	<b>5</b>	4	3	2	1	0

Your Food Hygiene Rating is 5 - a very good standard

### **1. Food Hygiene and Safety**

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. Some minor contraventions require your attention. **(Score 5)**

#### **Contamination risks**

**Contravention** The following exposed food to the general risk of cross-contamination with bacteria or allergens or its physical contamination with dirt, foreign objects or chemicals:

- cooked pasta stored next to wash hand basin

**Legal requirement** At all stages of production, processing and distribution, food must be protected from any contamination likely to render it unfit for human consumption, injurious to health or contaminated in such a way that it would be unreasonable to expect it to be consumed in that state.

#### **Hand washing**

**Contravention** The following indicated that hand washing was not suitably managed:

- the wash hand basin was obstructed

## Personal Hygiene

**Contravention** The following are examples of poor personal hygiene or where it was made difficult for food handlers to maintain sufficiently high standards of personal cleanliness:

- staff were seen wearing jewellery

## Temperature Control

**Observation** I was pleased to see you were able to limit bacterial growth and/or survival by applying appropriate temperature controls at points critical to food safety and that you were monitoring temperatures.

## **2. Structure and Cleaning**

The structure facilities and standard of cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste disposal provisions are adequate. The minor contraventions require your attention. **(Score 5)**

### Cleaning of Structure

**Contravention** The following structural items were dirty and require more frequent and thorough cleaning:

- flooring underneath equipment

**Observation** The kitchen had been well maintained and the standard of cleaning was good.

### Cleaning of Equipment and Food Contact Surfaces

**Contravention** The following items are dirty and must be cleaned:

- interior bottom to fridges
- seals to fridges
- wheels to equipment

### Cleaning Chemicals / Materials / Equipment and Methods

**Observation** I was pleased to see that the premises was kept clean and that your cleaning materials, methods and equipment were able to minimise the spread of harmful bacteria between surfaces.

## Maintenance

**Contravention** The following had not been suitably maintained and must be repaired or replaced:

- door to upright double door freezer broken. You informed me that this had been reported and you were awaiting a new freezer

### **3. Confidence in Management**

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. You have a good track record. There are some minor contraventions which require your attention. **(Score 5)**

#### **Type of Food Safety Management System Required**

**Observation** Your SFBB/food safety management system was in place and working well. I was confident you had effective control over hazards to food.

**Observation** You were date labelling perishable foods appropriately and could demonstrate effective control over food spoilage organisms.

**Observation** You had colour-coded equipment and effective separation between raw and ready-to-eat food at all stages in your operation.

**Observation** You were monitoring (and recording) the temperatures of your fridges and freezers as well as the temperature of cooked/hot-held food and could demonstrate effective systems for controlling bacterial growth and survival.

#### **Safer Food Better Business/Food Safety Management System that works**

**Contravention** The Management sections in your Safer food Better Business (SFBB) pack are intended to demonstrate you are in day-to-day control of the hazards to food. The following Management sections were either missing, incomplete or not up-to-date:

- add yourself to training lists
- add all equipment to cleaning schedule
- contact list not filled in

**Contravention** The following matters demonstrate your Food Safety management system is not working as it should:

- your procedures were saying one thing but you were doing another
- it states in your pack that hats are worn
- it states in your pack that jewellery is removed

#### **Waste Food and other Refuse**

**Observation** You had measures in place to dispose of waste food appropriately and were employing the services of an approved waste contractor.

#### **Training**

**Observation** I was pleased to see that food handlers had been trained to an appropriate level and evidence of their training was made available.
