What you must do to comply with the law

The report may include **Contraventions** - matters which do not comply with the law. You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information, Recommendations** of good practice and reminders of **Legal Requirements**.

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

FOOD SAFETY

How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area	You Score					
Food Hygiene and Safety	0	5	10	15	20	25
Structure and Cleaning	0	5	10	15	20	25
Confidence in management & control systems	0	5	10	15	20	30
Your Total score	0 - 15	20	25 - 30	35 - 40	45 - 50	> 50
Your Worst score	5	10	10	15	20	-
Your Rating is	5	4	3	2	1	0

Your Food Hygiene Rating is 5 - a very good standard

1. Food Hygiene and Safety

Food Hygiene standards are excellent. You demonstrated full compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. **(0)**

Contamination risks

Observation I was pleased to see you were able to demonstrate effective controls to prevent cross-contamination.

Hand washing

Observation I was pleased to see hand washing was well managed.

Personal Hygiene

Observation I was pleased to see that standards of personal hygiene were high.

Temperature Control

Observation I was pleased to see you were able to limit bacterial growth and/or survival by applying appropriate temperature controls at points critical to food safety and that you were monitoring temperatures.

2. Structure and Cleaning

The structure facilities and standard of cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste disposal provisions are adequate. The minor contraventions require your attention. **(5)**

Cleaning of Structure

Contravention The following items were dirty and require more frequent and thorough cleaning:

- around equipment feet/wheels near the wash hand basin
- accumulation of grease externally on exiting the rear door, this may attract pests and must be cleaned, and maintained in a clean condition

Observation The kitchen had been well maintained and the standard of cleaning was good.

Observation The kitchen had been well maintained and the standard of cleaning was exceptionally high.

Cleaning of Equipment and Food Contact Surfaces

Observation You had colour-coded equipment on which to prepare food. You must check regularly for food containers that have become damaged and are therefore difficult to keep clean, these should be removed and replaced as necessary.
