Relevant Legislation

Food Safety Act 1990 (as amended)

Regulation (EC) No 178/2002 applied by The General Food Regulations 2004 (as amended)

Regulation (EC) No 852/2004 and No 853/2004 applied by Regulation 19 (1) of the Food Safety and Hygiene (England) Regulations 2013

Health and Safety at Work etc. Act 1974 and related regulations

Food Information Regulations 2014

What you must do to comply with the law

The report may include **Contraventions** - matters which do not comply with the law. You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information, Recommendations** of good practice and reminders of **Legal Requirements**.

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

FOOD SAFETY

How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area	You Score					
Food Hygiene and Safety	0	5	10	15	20	25
Structure and Cleaning	0	5	10	15	20	25
Confidence in management & control systems	0	5	10	15	20	30
Your Total score	0 - 15	20	25 - 30	35 - 40	45 - 50	> 50
Your Worst score	5	10	10	15	20	-
Your Rating is	5	4	3	2	1	0

Your Food Hygiene Rating is 5 - a very good standard

1. Food Hygiene and Safety

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. Some minor contraventions require your attention. **(5)**

Contamination risks

Contravention I was pleased to see you were able to demonstrate effective controls to prevent cross-contamination. However, any foods for your own consumption must be clearly labelled and handled appropriately. At the time of my inspection, you were processing billtong; this must be stored on the lowest shelf and covered to prevent any potential contamination.

Hand washing

Observation I was pleased to see hand washing was well managed.

Personal Hygiene

Observation I was pleased to see that standards of personal hygiene were high.

Temperature Control

Observation I was pleased to see you were able to limit bacterial growth and/or survival by applying appropriate temperature controls at points critical to food safety and that you were monitoring temperatures.

2. Structure and Cleaning

The structure facilities and standard of cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste disposal provisions are adequate. The minor contraventions require your attention. **(5)**

Cleaning of Structure

Observation The kitchen had been well maintained and the standard of cleaning was exceptionally high.

Cleaning of Equipment and Food Contact Surfaces

Observation You had dedicated equipment for the preparation of raw and for ready-to-eat foods.

Contravention - You had colour-coded equipment on which to prepare food. At the time of my inspection, the blue and brown chopping board were heavily worn and scored. They must be replaced when they or other equipment is worn and no longer easy to clean.

Cleaning Chemicals / Materials / Equipment and Methods

Observation I was pleased to see that the premises was kept clean and that your cleaning materials, methods and equipment were able to minimise the spread of harmful bacteria between surfaces.

Maintenance

Observation You are maintaining the premises in good condition.

Facilities and Structural provision

Observation I was pleased to see the premises had been well maintained and that adequate facilities had been provided.

3. Confidence in Management

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. You have a good track record. There are some minor contraventions which require your attention. **(5)**

Type of Food Safety Management System Required

Contravention Your SFBB was in place. However, this must be reviewed regularly and documented to demonstrate the system is up to date and working

Observation You had colour-coded equipment and effective separation between raw and ready-to-eat food at all stages in your operation.

Observation You were monitoring (and recording) the temperatures of your fridges and freezers as well as the temperature of cooked/hot-held food and could demonstrate effective systems for controlling bacterial growth and survival.

Observation You were date labelling perishable foods appropriately and could demonstrate effective control over food spoilage organisms.

Recommendation Record fridge and freezer temperatures

Food Hazard Identification and Control

Legal Requirement Review your SFBB pack.

Waste Food and other Refuse

Observation You had measures in place to dispose of waste food appropriately and were employing the services of an approved waste contractor.

Training

Recommendation Catering staff should refresh their food hygiene knowledge every 3 years so that they stay up to date with current legislation and good practice. Booking details for this course are on our website: www.norwich.gov.uk

Allergens

Observation You had identified the presence of allergens in your non-prepacked food and had brought this to the attention of your customers.

Observation You had clearly shown the presence of allergens in your food on your menu.

Observation You had devised a chart listing all the food you provide with the allergens present in each and had brought this to the attention of your staff and customers.
