

RECORD OF OFFICER DECISION

Local Government (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012.

Decision Date – 20/01/2025

Decision Maker: Executive Director of Communities & Housing

Decision status: Is Key decision? No

Is subject to call in? No

Decision details:

The Council regularly reviews the charges for motorists to use its off-street parking facilities, both surface car parks and multi-storey car parks. Changes may be made for a number of reasons, including for stay-length management; to encourage motorists to choose other locations and/or travel modes; and to cover inflationary pressures.

At this time, the Council has decided to apply an increase to all off-street parking charges (with the exception of those in the Eaton Park car parks) as outlined in the table below, to be implemented in March 2025.

The making of orders to control the use of the Council's off-street parking places is an executive function and, as such, it falls under the executive scheme of delegation. This provides the Executive Director of Communities & Housing with authority for all functions relating to off-street parking.

In my role as the Executive Director of Communities & Housing I have now taken the decision to proceed with the statutory notification process, as set out in The Local Authorities' Traffic Orders (Procedure) (England and Wales) Regulations 1996 (as amended). The full details of the proposed changes and timescales will be set out in full as part of the statutory notification process.

New car park and season ticket tariffs
