The applicant should be aware that the granting of a licence does not permit the sale of alcohol within the outdoor area. Separate licensing arrangements apply for the sale of alcohol and the applicant should check the conditions on the Premises Licence or consult the Licensing Authority.

Management measures

Provide further information for the following questions to support your application:

- Outline how the area will be managed to ensure all conditions are complied with when the licence is in use.
- Outline how local nuisance will be managed.
- Will the placement of the table and chairs allow for people to pass with a minimum of 2 metres?
- Where will the pavement furniture be stored outside of licensable hours.

The outdoor area will be closely monitored by staff with regular inspections to ensure all licence conditions are fully met. Staff will ensure customers remain within the designated 60cm footprint directly fronting the premises.

To prevent local nuisance, staff will routinely clear empty containers, maintain a clean pavement, and actively monitor noise levels to respect our neighbours. Only drinks purchased at Beer Hatch will be consumed in this area, and any anti-social behaviour will be dealt with immediately.

The total pavement width here is 210cm. By restricting our furniture depth to a maximum of 60cm directly against the building frontage, a continuous, unobstructed pedestrian clearway of 150cm (1.5m) is preserved at all times. While this falls short of 2m, it maintains the standard 1.5m clearance threshold given this is a low footfall area.

All pavement furniture will be completely removed from the highway and stored securely inside the venue outside of licensable hours.

Supporting documents

Please provide the following:

- One plan showing the proposed extent of the area requested (in relation to the premises), with the position of the proposed street furniture, including tables, chairs, and any other permitted furniture. This plan should show the distance between the furniture and the nearest obstruction and / or the edge of the pavement at the narrowest point.
- Photographs of proposed street furniture and if possible, manufacturers literature and details of furniture to be used
- The appropriate fee
- Proof of Public Liability Insurance which covers up to £5 million

You will need two types of plans:

Location plan – to show where your proposal is situated in relationship to the surrounding area. You must clearly edge the site boundary in red.

Detailed plan (with elevations) – to show the proposed pavement licence and its relationship to existing buildings and features. The main dimensions should be clearly stated. It should include all the information required by the questions above.

Please attach documents using the Upload & Attach Files button.

Types of files accepted as attachments: gif, jpg, jpeg, tif, tiff, bmp, png and pdf.

Please ensure that documents you attach are complete, accurate and easy to read otherwise your application will not be validated.
