Management measures

Provide further information for the following questions to support your application:

- Outline how the area will be managed to ensure all conditions are complied with when the licence is in use.
- Outline how local nuisance will be managed.
- Will the placement of the table and chairs allow for people to pass with a minimum of 2 metres?
- Where will the pavement furniture be stored outside of licensable hours.

Haggle is a high end Mediterranean restaurant with table service.

The site is barriered permanently by the Council as is the whole of this section of St Benedict's Street.

All furniture within the site is removed and stored indoors after close of service outside.

This is an area open for outdoor service particularly during the summer months and this happens without disturbance to local residents who are experienced in it.

The pavement between the restaurant entrance and the area making up the pavement licence allows passers by at least 2 metres of space.

There have been no issues or complaints about nuisance over the last 6 years when the Licence has been in place.

The Premises Licence has an Operating Schedule which makes sure that outdoor operation meets all of the Licensing Objectives.
