M – Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e) (please read guidance note 9 (opens in a new tab))

The premises will be operated in a responsible and professional manner, with the promotion of the licensing objectives at the forefront of all management decisions. The premises will provide a safe, welcoming and well-managed environment for customers, staff and members of the public.

The Designated Premises Supervisor and management team will ensure that all staff receive appropriate training on their legal responsibilities, the responsible sale of alcohol, age verification procedures, emergency procedures and the prevention of crime and disorder.

All staff will be made aware of the premises licence conditions and the importance of complying with licensing legislation. Training records will be maintained and refreshed as necessary.

The premises will maintain appropriate policies and procedures covering the responsible sale of alcohol, customer behaviour, incident management, health and safety, fire safety and the protection of children from harm.

Management will regularly review the operation of the premises and respond promptly to any concerns raised by customers, neighbours, the police, the local authority or other relevant agencies.

The premises will operate in accordance with the conditions of its premises licence and all applicable legislation. The management team will cooperate fully with the police, licensing authority, environmental health officers and other responsible authorities to ensure the premises operates safely, lawfully and without causing unnecessary disruption to the surrounding area

b) The prevention of crime and disorder

The premises will take reasonable and proportionate steps to prevent crime and disorder and ensure the safety and security of customers, staff and the local community.

All staff involved in the sale of alcohol will receive appropriate training in the law relating to alcohol sales, recognising signs of intoxication, refusing service where necessary and managing challenging customer behaviour. Staff will be instructed not to serve alcohol to anyone who is drunk or to permit unlawful activities on the premises.

An age verification policy, such as Challenge 25, will be operated where alcohol is sold. Acceptable photographic identification will be required where a customer's age is in doubt.

A refusals log will be maintained to record refused alcohol sales, including suspected underage sales and sales refused due to intoxication. An incident log will also be maintained where appropriate, recording relevant incidents and the action taken by management.

CCTV is installed and maintained where provided as part of the premises security arrangements, with recordings made available to the police or authorised officers when lawfully requested.

Management will take appropriate action to address disorderly behaviour, including refusing entry or service and asking customers to leave where necessary. The police will be contacted promptly where criminal activity, violence or serious disorder occurs.

Staff will remain vigilant throughout trading hours, and management will cooperate with the police and other responsible authorities to address any crime and disorder concerns associated with the premises.

If Saturday get extremely busy under the bookings the hiring of security on the front door will be an option

c) Public safety

The premises will be managed to provide a safe environment for customers, employees, contractors and visitors. Appropriate measures will be taken to identify, assess and minimise risks to public safety.

Fire safety arrangements will be maintained in accordance with applicable legislation. Fire exits and escape routes will be kept clear and accessible, suitable fire-fighting equipment will be provided and maintained, and staff will be familiar with emergency evacuation procedures.

Appropriate health and safety risk assessments will be undertaken and reviewed when necessary. Equipment, fixtures and fittings will be maintained in a safe condition, and any defects presenting a risk to customers or staff will be addressed promptly.

The premises will be kept clean, tidy and free from unnecessary obstructions. Particular attention will be paid to floors, entrances, exits and circulation areas to reduce the risk of slips, trips and falls.

The premises will not accommodate more people than its lawful and safe capacity. Staff will monitor customer numbers and behaviour and take appropriate action if overcrowding or other safety concerns arise.

Staff will receive suitable instruction on emergency procedures, accident reporting and the safe operation of equipment relevant to their duties. First-aid arrangements will be maintained as appropriate to the size and nature of the business.

Any accident, injury or significant safety incident will be recorded and investigated where appropriate, with corrective action taken to reduce the likelihood of recurrence.

Management will cooperate with the fire and rescue service, environmental health officers, licensing officers and other relevant authorities to ensure that public safety standards are maintained

d) The prevention of public nuisance

The premises will be operated in a responsible manner to prevent public nuisance and minimise any impact on neighbouring properties, local residents and the surrounding community.

Management will take reasonable steps to control noise arising from customers, staff, music and other activities associated with the premises. Any music or entertainment will be managed at an appropriate level, and doors and windows will be kept closed where reasonably necessary to minimise noise disturbance, particularly during late-night operation.

Customers will be encouraged to leave the premises quietly and respectfully, particularly during evening and late-night hours. Staff will monitor customer behaviour around the entrance and outside areas and will take reasonable steps to discourage shouting, excessive noise, loitering and other behaviour that could disturb nearby residents.

Where appropriate, notices will be displayed asking customers to respect local residents and leave the area quietly. Management will ensure that staff do not congregate unnecessarily outside the premises and will take reasonable steps to prevent noise and disturbance associated with smoking areas or customer waiting areas.

Waste, including glass bottles and other refuse, will be managed responsibly. Deliveries, waste collections and the movement of goods will be organised, where reasonably practicable, to minimise disturbance to neighbouring properties. External areas will be kept clean and free from litter, and waste will be stored and disposed of appropriately.

The premises will be maintained in a clean and orderly condition, and any issues involving odours, refuse or other potential sources of nuisance will be addressed promptly.

Management will provide an appropriate point of contact for complaints and will investigate any concerns raised by residents or responsible authorities, taking reasonable corrective action where necessary.

The operation of the premises will be regularly reviewed to ensure

e) The protection of children from harm

The premises will take all reasonable steps to protect children from harm and ensure that any access by children is managed responsibly and in accordance with the law and the conditions of the premises licence.

Where alcohol is sold, a Challenge 25 policy will be operated. Customers who appear to be under 25 will be asked to provide valid photographic identification, such as a passport, photocard driving licence or an approved proof-of-age card, before alcohol is sold to them.

Alcohol will never knowingly be sold to anyone under the age of 18. Staff will receive appropriate training on age-restricted sales, acceptable identification, recognising potential proxy purchasing and refusing unlawful sales.

A refusals log will be maintained to record instances where alcohol sales are refused due to concerns about age or suspected proxy purchasing. Management will review refusals and provide additional staff training where necessary.

Children will be supervised in accordance with the law, the premises licence conditions and the nature of the activities taking place. Any restrictions on children's access or presence will be observed.

Staff will be instructed to report safeguarding concerns to the manager, who will take appropriate action and contact the relevant authorities where necessary.

The premises will not permit children to be exposed to inappropriate or harmful activities. Management will ensure that staff understand their responsibilities and will cooperate fully with the police, licensing authority and other relevant agencies in relation to safeguarding concerns.

These measures will be reviewed periodically to ensure that the protection of children remains an important part of the premises' day-to-day operation.
